THE AIM OF THE REGULAR FORCE CADET SCHOOL

The Aim of the Regular Force Cadet School is to produce soldier tradesmen and junior leaders of a high standard, thereby providing the Army with its main source of long term regular Warrant Officers and senior Non Commissioned Officers and a limited number of its regular Officers.

COL PHG HAMILTON, OBE

FOREWORD

BY

COL PHG HAMILTON, OBE

At 21 years of age, the Regular Force Cadet School might now be said to have reached maturity. Certainly as one looks back over the years, the growth and development of the School can be likened to that of a young man growing stronger and more knowledgeable as he approaches the magic age of 21.

The years of growing and developing however have been productive, and year by year, since 1948, an increasing quantity of new blood has been injected from the School into our Army. Today a large percentage of our Regular Officers and Non-Commissioned Officers are graduates from the Regular Force Cadet School.

Furthermore, the growing process will continue in future years as shown by the fact that the 1970 class (Ngarimu VC) of 192 new Cadets will be the largest ever to enter the School.

On a previous occasion in 1957 when I wrote the foreword to this annual magazine of the Regular Force Cadet School, I said that the Graduate from the school is always welcomed as a well trained and disciplined recruit by the units of our Army. In the years since then, I have seen Ex Cadets in all the military trades, both here in New Zealand, and on active service in South East Asia. I have always been impressed by their professionalism and enthusiasm for their chosen careers. A few failures there have been of course, but they are completely overshadowed by those of the 2,075 entrants to Cadet School who have gone on to make a success of soldiering.

It is with a deep awareness of the value of The Regular Force Cadet Scheme that I offer the School, and the past graduates, congratulations on the achievement of 21 years service to the New Zealand Army. Let me assure you that the whole Army is proud of you, and our pride is mixed with confidence that the next 21 years will see your already excellent record maintained and improved.

Finally to those Cadets who graduate this year, I point out that the School's motto 'Fortune Favours the Brave' provides you with a challenge for the future. You are trained and educated to take your places as Regular Soldiers. The results you achieve will reflect your determination and the effort you apply. Opportunity is there in quantity. Make the most of your chances, and do not shrink from the difficult situations you will encounter, they are merely the setting for your most earnest endeavours.

I wish you the best of luck for the future.

THE CADET BADGE

THE CREST

The Dixon crest, worn as the badge of the Regular Force Cadets, has had long associations with The Army Schools. During his period of office as Governor-General (1910-1912) the Rt Hon John Poynder Dixon-Poynder, KCMG, Baron Islington, DSO, granted permission to General Headquarters NZ Army for his family crest to be used as the badge for the Senior Cadet Officers (Unattached, List B). In 1921 when the Senior Cadet Officers were absorbed into the Territorial Infantry Regiments the use of the badge lapsed.

In 1927-28 the badge was brought into use again by the GHQ Training Depot, Trentham. Again in 1932 the badge was used in the first wing of the Regular Force Recruits and its use was continued with subsequent wings. Approval for the badge to be reserved as the Training Depot badge was given on 25 November, 1933. In May, 1936, as there was no official record of Lord Islington having granted permission for the use of his crest, his consent to the use of it as a badge for Regular Force recruits was sought and obtained. The crest was used from then on for this purpose. The company of Regular Force soldiers formed in 1938 for garrison duties on Fanning Island also used this badge.

After the war, Regular Force recruits at The Army School of Instruction continued to wear the badge until actually posted to corps — a custom which lasted until 1950.

When the Regular Force Cadet Unit was formed at The Army School of Instruction in 1948 its members, like other recruits, therefore wore the Dixon Crest. Up to this time it had always been in brass, but when the Cadets provided their first Guard of Honour their badges were chromium plated, and from this time forward the Cadets wore a silver crest while other recruits continued to use the old brass ones. In 1950 the crest (now silver) became the exclusive property of the Cadets.

In 1952 it was felt that while

the badge was given to the Cadet Unit and could well remain as their badge, it could at the same time be used as the crest for Army Schools as a whole, since the Cadet Unit was the most permanent unit of Army Schools. This proposal was adopted, but the distinction in colour still remains. The crest as used by Cadets is in silver; as used by Army Schools, in gold.

The crest may be seen as a portion of Lord Islington's Coat of Arms hanging in the main entrance hall of Government House, Wellington.

THE MOTTO

To the crest has been added on the badge a scroll bearing the motto 'FORTES FORTUNA JUVAT'.

The form of this very frequently quoted proverb comes from the writings of the Younger Pliny (A.D. circ. 61-114). The proverb will be found in this form in the sixteenth letter of the sixth book of Pliny's Epistles, one of the two famous letters in which Pliny describes to his friend Tacitus the eruption of Mount Vesuvius which obliterated Pompeii in A.D. 79. Pliny's uncle, Pliny the Elder, was a very important civil servant in the Admiralty who wrote a huge work on Natural History which was still the naturalists' Bible in the Middle Ages and even later. He was at the near-by dockyards when the eruption began, and resolved to go out to sea to make scientific observations and take notes. He received a message that friends of his in a villa under the mountain were in danger, and cut off from all retreat save by sea. In the Earl of Orrey's translation the Younger Pliny says (para. 10) "He commanded the galleys to put off from land, and embarked with a design not only to relieve the people of Retinae, but many others in distress, as the shore was interspersed with a variety of pleasant villages. He sailed immediately to places which were abandoned by other people, and boldly held his course in the face of danger, so composed, as to remark distinctly the appearance and progress of

this dreadful calamity, and to digest and dictate these remarks.

He now found that the ashes beat into the ships, much hotter and in greater quantities; and as he drew nearer, pumice stones with black flints, burnt and torn up by the flames, broke in upon them: and now, the hasty ebb of the sea, and ruins tumbling from the mountain, hindered their nearer approach to the shore. Pausing a little upon this, whether he should not return back, and instigated to it by the pilot, he cries out 'Fortune assists the brave' — 'fortes fortuna juvat' . . ."

Professor H. A. Murray of the Department of Classics, Victoria University of Wellington, who gave the above information, goes on to comment: "That gentle and even timid soul, the Younger Pliny, was an enormous asthmatic man who slept little, read enormously and took copious notes. I should have great respect for his accuracy. Possibly the Schools have adopted this form of the proverb because of its brevity. The Earl of Orrey says that Pliny was quoting Virgil Aeneid 10, 284, 'audentes Fortuna iuvat', but if so, as a typically undemonstrative civil servant with a taste for concise language, he no doubt adapted the proverb to the occasion in brief prose form.

"A book called 'Die Sprichwoerter unter Sprichwoertlichen Redensarten der Roemar', by Dr A. Otto, contains no less than twenty Latin variations of this proverb and five Greek ones. The quotation from the Phormio of Terence is in thick print as being the most popular form — 'Fortes Fortuna adiuvat'. But it must be remembered that Terence and Virgil wrote verse, whereas Pliny is not necessarily condemned to metre.

"One last point which you will consider funny; there is no 'U' capital in the Roman alphabet, and no 'v' small, only 'V' and 'u'. If you could persuade people to sell 'FORTES FORTVNA IUVAT' or 'Fortes Fortuna Iuuat', I should be indeed gratified." (end of Professor Murray's comment).

Obituary

MAJOR GENERAL SIR STEPHEN WEIR, KBE, CB, DSO

It was with deep regret that the School learned of the sudden death of Sir Stephen Weir KBE, CB, DSO and Bar at Tauranga on 24th September.

Sir Stephen was the reviewing officer and guest of honour at the School's Twenty-first birthday parade and celebrations where he made a lasting impression on the Cadets both by his speaking and presence at all functions. Sir Stephen had planned to review this year's December Graduation Parade and was also intending to make an informal visit to the school.

Sir Stephen was buried with full Military honours. His funeral was attended by dignitaries both from New Zealand and overseas.

Included were the Minister of Defence, the Honourable DS Thomson, MC; the Chief of the Defence Staff, Sir Leonard Thornton, KCB, CBE; the Chief of the General Staff, Major-General Dawson, CBE, DSO; the Chief of the Naval Staff and the representative of the Chief of the Air Staff.

As well there were representatives from both the Thai and Vietnamese Governments.

A guard of honour, made up of Artillery and SAS, was present at the church service and at the graveside. A thirteen gun salute was fired by gunners of 161 Battery.

The School was represented by the OC Major H. R. Burt, two Ardagh Class Cadets (RSM Brown and CSM Rivett) and two Weir Class Cadets (Cpl. Wilson and Sgt. Rangī).

All present were impressed by the solemnity of the occasion. It was both a moving and a fitting farewell to a great soldier.

CADET RSM BROWN.

The 1969 Class Patron Major General Sir Stephen Weir, KBE, CB, DSO.

Major General Sir Stephen Weir graduated from the Royal Military Academy, Woolwich, in 1927 and after service with artillery formations in the United Kingdom returned to New Zealand in 1929. In September, 1939, he was appointed a battery commander in the 4th New Zealand Field Regiment.

He was appointed from command of the 7th Anti-tank Regiment to the Command of the 6th Field Regiment in February 1940. He became CRA, New Zealand Division, in 1941 and was later CCRA, 10th Corps, Eighth Army, in Italy.

When General Freyberg was injured in an aircraft accident in September, 1944, Sir Stephen (then Brigadier) took command of 2nd New Zealand Division with the temporary rank of Major General.

He was appointed to command the 46th British Division then fighting alongside the New Zealand Division on Italy's Adriatic coast. He commanded the Division in Greece, through the closing stages of the Italian campaign and as part of the Army of Occupation in Austria. In 1946 he returned to the United Kingdom on attachment to the War Office and to attend courses at Aldershot and Salisbury.

Sir Stephen returned to New Zealand in January 1948, and

was Commander, Southern Military District, until he left for the United Kingdom to attend the 1950 course at the Imperial

Major General Sir Stephen Weir

Defence College. After a further period on attachment to the War Office he returned to New Zealand in 1951 and became Quartermaster General. He was appointed Chief of the General Staff Committee in 1956. He relinquished these appointments in September 1960 to become Military Adviser to the New Zealand Government, in which capacity he remained a member of the New Zealand Chiefs of Staff Committee.

In October 1961 Sir Stephen was appointed New Zealand Ambassador to Thailand and South Vietnam, relinquishing the appointment in December 1967.

Major General Sir Stephen Weir was awarded the DSO in 1941, a bar to the DSO in 1942, the CBE in 1944 and the CB in 1945. In 1960 he was made Knight Commander of the British Empire. He also has been mentioned in despatches six times and holds the Cross of St. Andreas (Greece) and the United States Legion of Merit, Degree of Commander.

Sir Stephen died at his home in Tauranga on 24 September, 1969.

Regular Force Cadet School representatives at the funeral were Major H. R. Burt, Cadet RSM Brown KR, Cadet CSM Rivett R, Cadet Sgt Rangī WRT, and Cadet Lcpl Wilson PG.

A COY NOTES

The writer of this article, who joined the School in June 1969 has now had an opportunity to have a good look at the system and in particular the Soldier Company. The system appears to work and it is most gratifying to see the promising young soldiers who graduate in May, August or December and depart to their new Units.

It is often difficult to imagine how new Cadets will ever be ready for the Regular Force by the time they are 17½. However, it has been noticeable with A Coy how quickly a Cadet begins to look, behave and think like a soldier. In some cases it has been touch and go, but they always seem to make the grade by the time graduation comes around. In many cases the sudden change from boy to confident young man has been very noticeable and in fact quite startling at times.

This year the Company has been fortunate with the standard of Cadets available for promotion to NCO rank. Prior to a known and trusted NCO graduating it is often difficult to imagine how he will be replaced from the material offering. This we have managed to do and the standard of our NCOs this year has been high.

In May we lost CSM Brown KR who became RSM. CSM Munro JD who was promoted to fill this vacancy graduated in August. Our present CSM, Grubb MJ does not leave us until next year, but unfortunately our three Platoon Sergeants, Ssgt Hibbs, Sgt Holley and our newest Sergeant, Sgt Rang, all graduate in December 1969.

It is obvious that there are opportunities aplenty for promotion next year, and of course there will be opportunity for promotion amongst next year's class as well.

As usual A Company has featured well in the weekly award of the Shield for the best Section. Considering the rather tatty condition of the lino in most sections it is amazing what eight determined people can do with a piece of rag and some floor polish. So far, no one's energy has been rewarded by

having the SSM slip, but the hope of this, we are sure, makes all that effort worthwhile.

At the time of writing, the Commandant's Trophy is in the bag. A Coy has won the Athletics, Swimming, Rugby, Soccer, Hockey, Basketball and the Cross Country Run. This leaves only the summer sports (which were not run earlier in the year), Drill and Shooting to be contested. We are prepared to concede the Drill as we must leave the opposition something to win.

TRAINING WING NOTES

1969 has been a busy and successful year. We can look back at an impressive tally of courses with a certain amount of satisfaction.

At the start of each training year we are always faced with the old problems of where we will get the essential equipment and qualified instructors from. The problems always get solved eventually with the assistance of our friends in Q Stores and the help from the Barrack Commanders and Apprentice Wing. This year, due to the increase in numbers of the new intake, additional instructor assistance was gratefully received from 1 Bn Depot who supplied five Ex Cadet instructors to help us over this trying period. Next year RF Depot are going to give us considerable assistance in training a number of the increased new intake.

With Basic Training completed and most of the cadets scattered to the Education Wing, Apprentice Wing and Corps Schools, we were able to get on with the Continuation training for our Soldier Trainees — this year with a difference.

Initially we received assistance from 1 Ranger Sqn NZSAS and on the 9th April a party of 30 Soldier Trainees moved to a camp site in the shores of Lake Roto Airoa to learn some of the basic skills taught to SAS soldiers. The subjects covered were Floatation, Cliff Climbing, Small Boating, Ambushing Techniques and Navigation.

In Floatation, the Cadets were

instructed on the various methods of moving themselves and their equipment across rivers etc., ensuring that the equipment was still dry and serviceable on reaching the other side. Depending on the individual swimming

Going

ability, this phase provided some either humorous or anxious moments.

The Cliff Climbing phase, although rather terrifying at the start proved a great boost to self confidence. After a few practices in the various methods taught, the Cadets found that their fear of heights had almost vanished.

Probably the most popular phase was small boating. Although the conditions on the lake were most unfavourable all the

Going

instruction and exercises were completed without mishap — including a night paddle across the lake to "blow up a bridge."

Overall, this SAS type training is of great value to a soldier regardless of Corps or trade, especially to the RF Cadet age group. The basic drills and techniques will stay with the Cadet throughout his soldiering career. We must say "Thank You" to

Gone.

those members of 1 Ranger Sqn who willingly gave us their time and the benefit of their expert knowledge. Our thanks also to Cpl Te Puni (Teaspoon) the

SAS Cook, who, with the assistance of four Cadet cooks turned out the best meals one's ever eaten in the field.

In April another new phase of training was introduced in the form of an A & Q Admin Course conducted by the School of Army Administration. This course proved highly successful and provided the soldier trainees with a background knowledge of Army Administration which will prove invaluable to them in their future careers. For this reason we hope to include this course in future programmes.

Other courses prepared and run by the Training Wing were three Pre-Instructors courses, two Signals Handlers courses, two Infantry Weapons courses, a Minor Tactics course and additional phases of the Basic course, for those Cadets who completed Phase one only, in January. The Training Wing also assisted with two Basic Driver's Courses run by RNZASC School and supplied enemy parties to NSTU, OCTU and the School of Infantry. Finally, due to the good impression given by the Cadets at Lake Roto Aira, a party of 19 including 4 RF Staff took part as the enemy in a 1 Ranger Sqn exercise in the Te Puke area. As with the previous experience with the SAS, the ten days period proved not only beneficial but also very enjoyable to Cadets and the Staff members alike. In fact, the general opinion was that no one wanted to come back to Wai-curu! It was most gratifying for the Staff members to hear so many comments, about the RF Cadets from those 'hard bitten' soldiers of 1 Ranger Sqn. It is obvious that we have some hidden SAS soldiers in our midst. To mention but one, Lcpl Ngaheu left a lasting impression on one SAS Op Group who are probably hoping that the Viet Cong are not so observant as RF Cadets.

During the year a large number of Cadets have attended various courses at Corps Schools, and the results have been pleasing. Probably the most rewarding course run by the Wing is the Pre-Instructors Course conducted at the end of each Continuation Training Phase.

The potential instructors from

this course go on to RF Depot to attend the RF Basic All Arms Instructors Course. Cadets attending a course of this magnitude would normally be at a disadvantage due to lack of experience, but with a Pre-Instructors Course behind them the results have been good. During 1969 eleven Cadets attended the BAA Instructors Course.

All in all we feel that the Training Wing has more than fulfilled our aim during 1969, which is to produce a Cadet with a sound background knowledge in his soldier trade prior to graduation into his Corps. The aim would never have been achieved without the teamwork and assistance from all members of RF Cadet School Staff.

EXERCISE "FLAT STICK"

In the early hours of 8 Oct 69 and in the pouring rain, a party of nineteen from the School departed for the Rotorua/Te Puke area. This move was the result of a request from 1 Ranger Sqn NZSAS that the Cadet School supply an enemy for their exercise 'Flat Stick'.

The exercise was conducted to give final training for reinforce-

ments due to depart for Vietnam in the near future. Our part was to play the role of Viet Cong during the patrol exercise phase from 12 to 17 October. The request from 1 Ranger Sqn was very welcome for the two ex SAS Officers on the staff and the Cadets, some of whom had been lucky enough to participate in the SAS Training at Lake Roto Aira in April.

After a cold four hour trip and some anxious map reading by OC A Coy, the party arrived at the SAS Base Camp on Fletchers Road in the Mamaku Forest. Being the 1 Ranger Sqn HQ, the base was well set up and our party was welcomed with good food, tented accommodation and 'spot-on' administration.

Anyone who thought that the exercise was going to be easy had their hopes dashed next morning as the enemy moved out of base camp to recce and set up patrol camps. Being typical New Zealanders, everyone was carrying far too much in their packs and the party had not moved far down the Brimstone Track before the heavy loads were apparent.

To the uninitiated, the area in which we were working consists of mainly secondary growth native bush. The area was milled during the period from 1931 until

Cadets Ngaheu and Isgrove with A41 Radio.

1941, and as a result is covered in heavy secondary growth, felled timber and tree stumps. The topography is relatively flat with few streams and occasional rock outcrops. The whole area is interlaced with old tracks and tram lines used during the milling period. The tracks are of varying width, state of repair and meander off to all points of the compass for no apparent reason. Needless to say, the maps of the area are completely unreliable. Into this mess we plunged to set up our patrol camps.

Every effort was made to simulate Viet Cong Camps — at “Rimu Falls” was located the HQ Section under Lt Withers. Also at this location was WOI “Shorty” Jamison MM who directed the enemy activity. Rimu Falls was presumably named after our water point which consisted of a pathetic dribble of tea coloured water which drained from a fairly extensive swamp. Further to the east, at “Kauri Grove” was the camp of one section under Sgt Bob Christie. They cunningly set up their camp and promptly shifted to a more desirable spot on a tiny island on the edge of a lagoon. Although tactically a death trap, very wind-blown and cold, they maintained their camp was wonderful — probably because of the water availability. Sgt Tiny Manuera and two section set up their craftily concealed camp at “Willow Gulch”. They suffered from a chronic shortage of water and had to rely completely on jerry cans of the stuff carried in from the SAS Base Camp. (carried by the boys, not the SAS). To the West, some hours’ march away Lcpl Bob Davies set up his camp in company with WOI Pat Shaw DCM, MM of the SAS Directing Staff.

After the initial recce and setting up of Camps we all returned to the SAS Base camp for a much needed wash, fresh meals and a comfortable sleep. We returned to the bush on the 12th October and started our activities as enemy. Our Patrols were designed to give the SAS Op Groups who were observing our movements, the impression of reinforcements and supplies moving from East to West and casualties and unladen carrying

parties moving back from west to east.

Because of the nature of the exercise we did not see much of our enemy during the period. They were there to see but not to be seen. Cadet Scoullar however, made the first contact. HQ and Two Section were waiting on an LP for the arrival of Chief Viet Cong Maj Burt when Scoullar heard some noises from the bush. He moved up to the edge of the bush and peered in — but could see nothing. He then glanced down and noticed a cigarette butt near his feet, just inside the bush. Beside the cigarette butt was a pair of boots! Logically he allowed his eyes to move upwards and found himself face to face with a grinning, hideously green painted and bearded face. The face said “BOO” and then retreated. Scoullar’s nerves are OK now, and quite back to normal.

Cadet Lcpl Ngaheu gets the medal though, and title of “Gimlet-Eye”. His remarkably observant eye spotted an SAS ambush before it was sprung — he fired the first shot thus saving Col Hassett, Comd 1 Inf Bde Gp from being caught in the ambush. Because of Lcpl Ngaheu, the SAS Op Group concerned learnt a lesson which will undoubtedly stand them in good stead in Vietnam.

Everyone came away from the exercise much fitter than usual. Legs in particular are now stronger as the amount of walking done, with and without packs was, considerable. Cadet McGregor IA, claims he holds the record distance walked; a total of approximately 26 thousands yards in three ‘return’ patrols between 0500 and 1800 hrs on one day. Give or take a few yards this is a lot of walking, and everyone did rather similar distances each day of the exercise. There were quite a few tired young legs and a few almost crippled middle-aged ones at the end of each day. The Cadets who took part were: Cadet Bogue BW, Cadet McGregor IA, Cadet Bryant SHC, Lcpl Ngaheu K, Cadet Campbell CJ, Cadet Pond SK, Cadet Carter TN, Cadet Rata T, Cadet Cawte RD, Lcpl Ridler GM, Cadet Crene KP, Cadet

Scoullar BD, Cadet Frew BJ, Cadet Searle WA, Cadet Kyle MP.

Without a doubt the exercise was a success from all points of view. The Cadets certainly enjoyed it and the opportunity to get into the bush and away from the routine of Waiouru was welcome. The RF Staff received some very complimentary comments on the Cadets generally and on some individuals in particular, from members of the SAS. A compliment from a soldier of WOI Shaw’s standing is not to be taken lightly.

No doubt the seed has now been sown. In time quite a few of the Cadets involved will be joining the Ex Cadets already serving with 1 Ranger Sqn RNZSAS.

The Long and the Short of it: Cadets Jensen and Young.

B COMPANY NOTES

This 21st Birthday Year marks the 6th year of the existence of a separate apprentice company. By 1963 the School had grown sufficiently to warrant apprenticeship administration becoming a separate function under the control of Captain D. G. Petherick, RNZE, the first Officer Commanding B Company. After Captain Petherick was posted to Christchurch in Feb 67, the Company was commanded for

'B' Coy Tug-o-War.

brief periods by Lt AJ Aitken RNZIR, and Lt PS Sullivan RNZIR, and since June 67 has been commanded by Captain GW Boxall LTCL RNZAEC.

WOII J Offord RNZE, was the first Company Sergeant-Major, followed by WOII A Edwards RNZE, in August 65, and WOII HK Wawatai RNZE, who has been with us since September 66.

This December we say goodbye to WOII Wawatai with thanks for the excellent service he has rendered the Company. Sergeant-Major Wawatai is posted to 6 Independent Field Squadron, Petone, and in his place we welcome WOII R Foster from the School of Military Engineering, Linton.

Each year the roll has steadily increased so that the 1969 intake, Weir Class, boosted the Company roll to 130. However, changes to A Company, postings in March, May and August and a few discharges have since reduced our number to 61.

Barrack Commanders this year have been Sgt Riri T, RNZIR, Sgt Jackson CD, RNZASC, Sgt Hudson K, RNZIR, Sgt Hill RS, RNZIR, and Cpl Inwood RB, RNZE.

Cpl Hini A, Sgt Jackson, Sgt Riri and Sgt Hill succeeded each other in the chair of Company Clerk, and have assisted in the smooth running of the Company.

Although B Company may not have been particularly successful in the Inter-Company Sports, at least we won the tug-of-war and WOII Wawatai confidently predicts another win in the Inter-Company Drill Competition.

During the year we have received visits from the French Military Attaché, a group of Careers advisers, the NZBC National Film Unit, the Cadet Selection Boards, Public Relations Officers, and various parents and friends.

Excellent results have once again been achieved in the Trades Certification Board Examinations with 56 passes out of 60 papers attempted in November 68, a pass rate of 93.3%. All Chefs passed their City and Guilds of London Examinations held last June.

B Company takes this opportunity of extending to all Staff and Cadets, past and present, the compliments of the season and best wishes for the future.

Inter Coy Rugby: Cadet Phillips awaits the ball.

RNZE APPRENTICE WING

Since the establishment of RF Cadet School at Waiouru in 1952, the RNZE Apprentice Wing has operated as a sub-unit of the School. This is brought about by the fact that there is no RNZE Unit in Waiouru Command and the small number of RNZE Apprentices undergoing training does not warrant the establishment of a separate Corps School. With 5 Instructors and only 9 Apprentices training at the present time, RNZE Corps representation is indeed very small in this Command.

Captain B. Brighthouse RNZE, now Lt-Col and Chief Engineer, was Chief Instructor of the Apprentice Wing until 1957 when he was succeeded by Captain R Treanor RNZE. When the separate apprentice company was formed in late 1963, the dual appointment of Company Commander B Company and Chief Instructor RNZE Apprentice Wing was filled by Captain DG Petherick RNZE, and from 1967 by Captain GW Boxall LTCL, RNZAEC.

At the present time, RNZE Staff comprise Sgt Nathan LW, Accounting Officer, Sgt Sowerby RJ and Cpl Futter DR, Carpentry Instructors, Sgt Nepia TeOMT, Plumbing Instructor, and Cpl Inwood R. B., Electrical Instructor.

Apprentice numbers at the beginning of this year were at a healthy level with 16 Carpenter/Joiners, 4 Electricians, and 2 Plumbers receiving training. Non-confirmation of apprenticeship and graduation have since considerably reduced their number.

The standard of theory work and the examination pass rate continue to be high, with one apprentice gaining 90% for a First Qualifying Examination paper sat last November, and a 96.1% pass rate for the Wing overall.

The Staff wish this year's candidates the same degree of success, and extend good wishes to Cadets graduating from the Wing this December.

EDUCATION WING NOTES

At the time these notes are written each year, the University Entrance and School Certificate examinations are just around the corner, and it is usually more pleasant to reflect on the results of the previous year than ponder with the inevitable pessimism on the results which are shortly to come.

Therefore to begin with last year's results. One student passed the University Entrance examination; a total of sixty five School Certificate subjects were passed by twenty five full-time and five part-time candidates; and fourteen candidates gained eighteen passes in the Chamber of Commerce examinations. One Higher School Certificate and seven Endorsed School Certificates were awarded. Altogether seven candidates sat University Entrance, twenty six School Certificate, and nineteen Chamber of Commerce. The Chamber of Commerce course was introduced for the first time last year, and proved a valuable incentive to the General Education class. Sixty five Army Certificates of Education Class II were awarded.

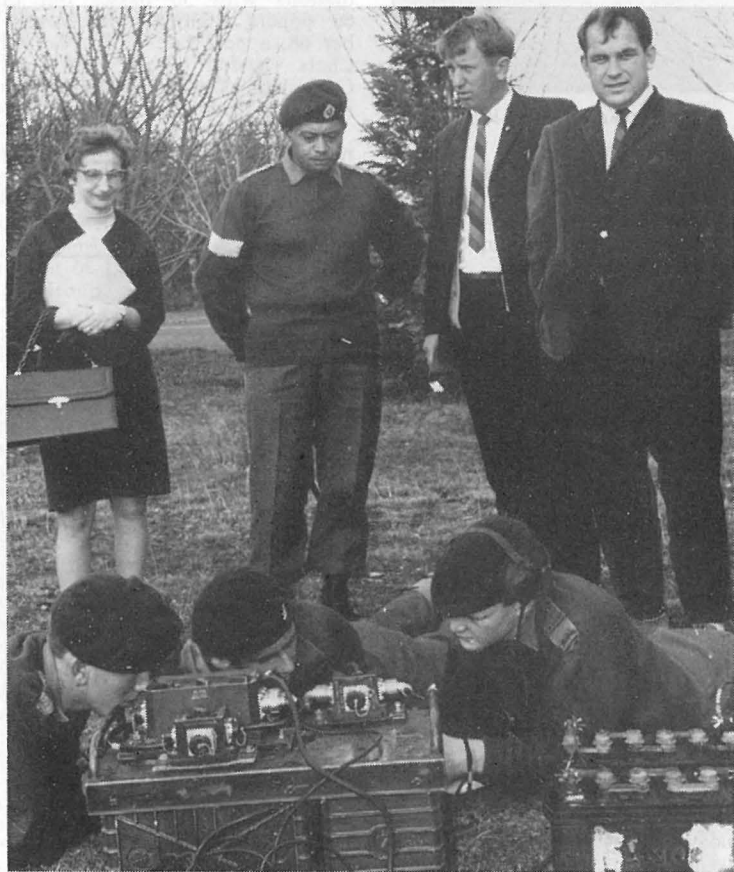

This year three Cadets are studying for the University Bursaries Examination, commuting daily to Taihape College for the purpose. Ten students commenced the University Entrance course, of whom three have been discharged during the year. Seven will sit the examination. Thirty seven students will sit School Certificate examination, mainly in four subjects each, three taking five subjects and four part-time students taking one subject each. The single-subject School Certificate scheme has meant that some of our students, who have already gained passes in previous attempts, stand to finish with up to six School Certificate passes. Thirty eight students will be attempting Chamber of Commerce examinations.

The staff saw perhaps more than the usual number of changes during the year. Major D. M. Campbell, our maths teacher, is now bringing a wee breath of heather to the eastern clime of

Malaya, and has been replaced by Flight Lieutenant G. K. Masters, whose blue uniform reminds us that education seems to be leading the way in tri-service integration. Next year Flight Lieutenant Masters will take over the Physics department, and Captain K. A. Sanders, who arrived in the third term from Slim School in Malaya, becomes our senior mathematician. Lieutenant WP Dreyer arrived at the beginning of the year to become one of our geography experts. We were sad to farewell our Education Assistant at the Wing, Lieutenant H Cherrington, but we congratulate him heartily on his promotion to commissioned rank and appointment to the responsible post of Staff Officer Education at Army Headquarters. Congratulations are

also in order to Captain and Mrs H Duncan on the birth of a daughter (and to the Traffic Department in connection with Captain Duncan's consequent trips to Wellington). The gap in our Commercial Practice department caused by Lieutenant Cherrington's posting at the end of the second term is being ably and attractively filled by Mrs M Masters.

Next year we look forward to two new appointments to the Wing, one in the much-needed science department, and we trust that the Wing will be more fully staffed than it has been for many years — a necessary measure in view of an anticipated increase in the student roll. It is hoped too that if we have a Bursary Class next year it will be pos-

Careers Advisers on their Annual Visit in May watch Soldier Trainee Cadets at work.

sible to provide the instruction at the Education Wing.

The repainting of our buildings last year was followed up this year by the laying of new linoleum. We hope that the new furniture on order will shortly complete the Wing's accommodation "regeneration".

The Wing's particular thanks are due to Lieutenant Colonel IT Gill at Army Headquarters, a former Chief Instructor, especially for his efforts in obtaining new staff; to Warrant Officer McRae, also late of the Wing and now of Army Headquarters, for visiting the Wing to aid correspondence students with laboratory work for chemistry; to the tutors of the Correspondence School for their efforts with twenty of our students this year who took subjects which could not be taught at the Wing; to the Officer Commanding, Headquarters, and A Company Staffs of the Cadet School for their interest and co-operation which have greatly contributed to the educational programme; to Mrs Masters for coming to the rescue in Commercial Practice; to the Headmaster and Staff of Taihape College for their work with our Bursary students, and to Miss Hollis, who has gracefully coped with our indecipherable writing and tremendous typing requirements. The Education Department Inspectors again proved very helpful in their guidance and suggestions.

To those Cadets who when they are reading this magazine will have sat their final examinations and awaiting results, the very best of luck!

GEOGRAPHY FIELD

TRIP

The School Certificate Geography Class field trip took place from 14th to 21st October. The trip this year included three days based at Omori Hut, and three days based at Ngaruawahia Camp.

While at Omori the Cadets visited farm development blocks, the Tongariro Power Develop-

ment, and Wairakei and Aratia-tia Power Stations.

From Omori the party travelled to Kinleith to visit New Zealand Forest Products Paper Mills. While watching felling operations we were most fortunate to see a "skyline" in operation, dragging logs across a deep gully. The size and scope of the company's activities was most impressive.

From Kinleith the party moved to Ngaruawahia where we visited local Hamilton industries.

The Cadets saw a great variety of industries ranging from Dairy Product processing to Aircraft assembling.

On the return trip to Waiouru an interesting time was spent at the Chateau where Mr Mazey the Chief Ranger gave a lecture on the National Park.

The week away was both educational and enjoyable and it reinforced class room work in School Certificate Geography.

DEBATING

This year the UE class travelled to Palmerston North Boys' High School to debate the topic, "That Hamlet is a tragedy of indecision". This was chosen because of the valuable contribution it could make to the literature section of the UE English syllabus. At the conclusion of an interesting debate, Palmerston North Boys' High School were judged to be the winners. Both sides spoke well. Our team consisted of Cdt RSM Brown (Leader), Cdt Lcpl Wilson and Cdt Lcpl Hunter.

The Cadet RSM looks happy.

P.T. WING

The past year has been a full and eventful one. A wide range of subjects has been covered, running from Circuit Training to Unarmed Combat. A feature of the syllabus has been the inclusion of initiative training. This has been designed with the object of developing not only initiative, but also team work. There is no doubt that both qualities are needed to carry a loaded stretcher over a wall twelve feet high.

The Wing Gymnastics Team has been active and has participated in displays at a number of College Galas and St. John Ambulance Days. The aim for the future includes plans for a display at the Auckland Military Tattoo.

RNZASC SCHOOL

The Royal New Zealand Army Service Corps School is organised with a Headquarters and a number of subordinate instructional wings. Its main role is to train, to a uniformly high standard, selected personnel in those aspects of organisations, command, operational techniques, and other skills required of the Corps in both peace and war.

MT Wing

Driver training is of course, the most appealing to the young soldier. What can be better than sitting behind the wheel of a heavy truck, slapping it into gear and then letting all systems go.

Teaching Cadets to drive is the most educational of all instruction. It is extremely exciting, emotional and above all harrowing. The trick if you can, is not to watch the Cadet but watch the instructor. You will see more colours and facial expressions than either the rainbow or Sammy Dav's Jnr can produce.

The Cadets are first taught to drive landrovers and also the servicing of that vehicle.

Cadets being young fellows have a great habit of growing up very quickly on this vehicle. After one hour's driving tuition, they will inevitably turn to their instructor quite pleased with their effort, and say, "Can I go onto

the big truck now, Sir?"

One can imagine the effect this innocent request has on the instructor, whose adrenalin has by this time been used up in the previous hour's tuition.

The primary aim of training at this stage is to bring the Cadet to a standard of driving which will enable him to pass his HT licence test, plus an efficient and responsible attitude to the handling and servicing of a Land-rover.

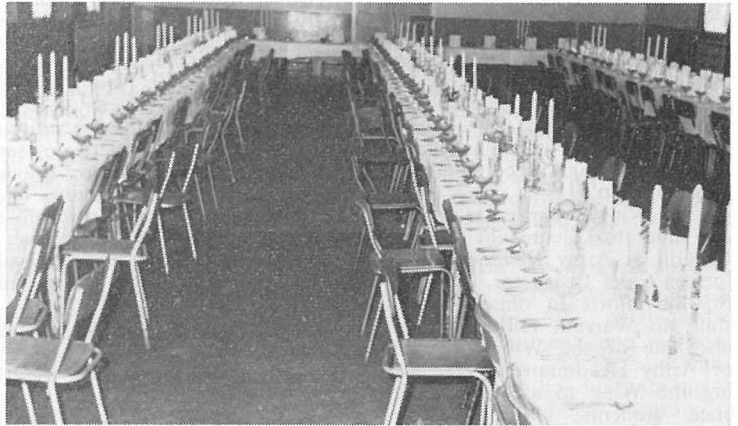

The Cadet then progresses a further stage by commencing driver training on the 3 ton RL Bedford which culminates in their attending an RF OR Basic RNZASC 1 Star Course held at the School. Generally by this stage they have passed their licence test for heavy trade vehicles. At this time they also qualify as Drivers 1 Star.

The Cadets again progress by attending the courses which allow them to qualify for their second star. These two courses which are held in our District Training Wings are RF OR Driver (All Arms) 2 Star, and Aircraft Loaders.

Between courses the Cadets are employed in the School Transport Office and taught the operating procedures of such an office with vehicle repairs of a minor nature also given. They may also be employed as drivers with Waiouru Company in maintaining the normal domestic requirements for Waiouru Command. Employment is also available at the Central Servicing Station in which the use of power operated servicing equipment is of extreme importance.

The programme is quite interesting and rewarding for the young chap who is willing to put his best foot forward.

Comes the day of graduation for the Cadets and we find that those who have passed through the quiet and humdrum atmosphere of the MT wing have attended and qualified on courses to the standard required for 2 star grading with background experience in some cases up to 3 star level. Some Cadets have even prepared themselves to attain the higher goal of MT Instructor RNZASC.

The Mess Ready for a Formal Dinner.

CATERING WING

The apprentice cook scheme was introduced with the RF Cadets in 1948. Miles Coy had four apprentice cooks (Cadets Harris, Hill, Web and Woods). Today there are 100 apprentice chefs who have received their trade training through the RNZASC School Catering Wing.

In 1962 the NZ Army accepted the Cookery and Food Association of London Trade Certificate Examinations and from 1962 until 1969, all apprentice chefs have been examined to the C.F.A. Standards.

The trade certificate examinations offered by the C.G.A. of London were:

The Basic Catering Certificate.
The Craftsmans Catering Certificate.

The Higher Trade Certificate.

Representatives of the C.F.A. conducted the practical and theory examinations at the Catering Wing. Theory papers were sent to London for marking. In 1964 a C.F.A. examiner, Mr G. U. B. Martin, BEM, came to New Zealand and has since been responsible for the marking of theory papers. Three papers of each examination are still sent to England after Mr Martin has marked them. This ensures that the trade certificate standard is being maintained.

In 1967 a British Parliamentary Act made the City and Guilds of London Institute re-

sponsible for all trade examinations.

This year fourteen apprentice chefs all qualified in the City and Guilds 147 Basic Cookery examination for the Catering Industry trade certificate examinations. All have also qualified for their Army 1 Star.

The best junior class Cadet Chef this year was Cadet William McLennan.

All of the 1968 class gained their Army 2 Star qualification this year and will be sitting the City and Guilds 151 Cookery examination for the Hotel and Catering Industry trade examination in May 1970.

The best senior class Cadet Chef this year was Cadet RL Stephens.

The RNZASC School are proud of their apprentice chefs and look forward to 1970 when they will have twenty-four chefs and six Supervising Stewards Apprentices.

1969 has been a good year for Ex Cadet Apprentice Cooks and Chefs.

Ex Cadet MCA Harris of Miles Company (1948) was commissioned Lt and QM.

Ex Cadet MT Campbell of Gentry Class (1962) is doing his Officer Training at Portsea, and it is understood that he is doing very well and holds a Senior Officer Cadet Appointment.

Ex Cadet J Gruber of Russell Class (1960) has been an instructor at the Catering Wing and is now the Catering Manager of the RF Cadet Kitchen.

SCHOOL OF ARMOUR

General:

This year has been a quiet one at the School as we have commenced preparation for conversion to the M113 series of vehicles. These are Armoured Personnel Carriers which are used by the US, Australian and other Western Armies. The vehicles are fully tracked, amphibious and air portable. They are used extensively in South Vietnam where they form the basis of the Cavalry formations in the theatre.

This re-equipment process has meant a playing down of the training aspects at the School. However, our basic requirement to produce trained Armoured Crewmen has not been forgotten or neglected. To this end four Cadets (Bennett DW, O'Brien LR, Fisher KR and Hobbs DC), have attended courses at the School.

Gunnery Wing:

One Cadet (O'Brien LR), attended the Gunnery Course on the M41 tank. This tank has a variety of weapons. The main armament is the high velocity 76mm tank gun. Also carried are the .50in machine gun and the .30in machine gun. Learning how to operate and maintain these weapons is only part of the course. Care and use of optical equipment from binoculars to periscopes is all part of a gunner's job and the course provides a thorough grounding in the skills required by a tank gunner.

Radio Wing:

There were three Cadets (Lowe, Reihana, and McKissock) on the Signaller's course. This course is designed to teach students to operate all the radios used with the RNZAC. Radio operators in an armoured crew are very important as our units depend so greatly on communications. The range of subjects covered by the course is very wide and it is easy to maintain a high level of interest.

Driving and Maintenance Wing:

This Wing runs courses to train drivers for all types of vehicles used within the Corps. Three Cadets (Hobbs DC, Bennett and O'Brien), attended the Ferret Driver Course. This vehicle is a

light wheeled armoured scout car. Armoured vehicles have complex systems and require a high standard of maintenance and operating skill. The Cadets on this course successfully completed it and are now able to take their place in an armoured team.

The School of Armour wishes them well for their future in the Corps.

Cadet Cpl McGregor instructs Cadets on M16 Armalite.

REGULAR FORCE DEPOT

1969 has been a rewarding year for Cadets on course at the Regular Force Depot. Seventeen Cadets attended Instructor's Courses.

The value a Cadet should get from attending an Instructor's Course is extremely beneficial in many fields — not simply in obtaining a qualification for military purposes. The course helps to instill confidence in the individual and to develop his personality. He quickly develops or consolidates his ability to adjust to a particular environment and to become used to working with people beyond his own Cadet environment. The value obtained from the military point of view must be obvious, but certain factors must never be overlooked such as development of leadership qualities, competence gained from a thorough know-

ledge of the subjects covered and the development of that factor so special to the Army — teamwork.

In addition, the Cadet meets soldiers from most Corps and Units in the New Zealand Army on the course and therefore he may establish lifelong friendships and he will certainly have a much more intimate knowledge of how the Army operates.

When a Cadet has qualified on an instructor's course he should be a confident, disciplined and knowledgeable instructor, well established as a potential senior NCO — an example to others.

The current instructor's courses last for fourteen weeks of which six weeks are spent on drill and duties, five weeks on weapon training and three weeks on tropical orientation in Fiji.

Cadets who have attended instructor's courses in 1969 are:—

Instrs Cse No. 59 9 Jan-21 Apr 69

SCHOOL OF SIGNALS

TECHNICAL WING CADET TRAINING 1969

The Technical Training Wing ran a most competitive course that commenced in January and has just ended. Nine Cadets completed this One Star Radio and Telegraphic Technician Course as follows:

Cdt Burn GN Future Corps RNZSigs.

Cdt Lcpl Gray DS Future Corps RNZEME.

Cdt Cpl Gunn Future Corps RNZEME.

Cdt. Hollett R Future Corps RNZEME.

Cdt Jarvis GT Future Corps RNZEME.

Cdt Nickerson CR Future Corps RNZEME.

Cdt Phillips KH Future Corps RNZSigs.

Cdt Walmsley CA Future Corps RNZEME.

Cfn Bright JJ Ex-Cadet of Ardagh Class also completed the course.

A special mention here goes to

inair on Integrated Circuits at Massey University.

TAC OP TRG UNIT: CADET TRG 1969

Nine cadets have received training at the Tactics and Operator Training Unit in 1969. Some have departed from us and are serving with RNZSigs units throughout the country. The nine cadets

equipments and procedures currently used in RNZSigs field force and static units. Training in typing and morse skills has been carried out between National Service Intakes.

Throughout the year training has not been without incident. The National Service final exercise in April had to be cut short because of the bad weather. The Cadets were involved in providing communications for the exercise. The traffic turned from that of exercise to real traffic. In June a mortar course from the School of Infantry were snow-bound whilst on exercise. The Cadets who were at the School of Signals at the time established and operated a safety radio link between the exercise area and Waiouru Camp.

Assistance has been given to other units throughout the year and the Cadets have given able help in providing this assistance. The Cadets provided the bulk of operators from the School to operate the Umpire Net during the annual camp of 1 Inf Bde Gp in January 1969.

Special mention goes to Cadet Lcpl Ridler who installed and operated a telephone system for an exercise at the Tac School for the Grade 2 Staff and Tactics course in September.

The SO-in-C Major General Anderson, R. Sigs talks to Cadets Jarvis and Burn.

Cadet Walmsley who topped the course with high marks in both theory and practical subjects.

Currently attending a Two Star course are seven graduates from Crump Class. They are:

Sig Waters, Charlton, McKay, Houltham, Smith, Weatherall, and Carter.

Interesting developments are taking place in the field of Electronic training. Several senior technicians from the Corps of Signals attended the National Conference held during Aug 69 at Canterbury University. One of the likely results will be that the Technical Cadets will receive some training at the Technical Institutes following graduation.

The Technical Cadets spent an enjoyable and informative day during April when they attended the NZ Electronics Institute Sem-

inar:

Cdt Lcpl Ambler graduated May 69 to 1 Inf Bde Gp Sig Sqn.

Cdt Lcpl New graduated May 69 to 1 Inf Bde Gp Sig Sqn.

Cdt Rolston graduated Aug 69 to 1 Comm Z Sig Sqn.

Cdt Lcpl Vinicombe graduated Aug 69 to 31 Med Rad Sub Tp.

Cdt Carmichael graduates Dec. 69.

Cdt Lowe graduates Dec 69.

Cdt McKissock graduates Dec 69.

Cdt Lcpl Ridler graduates Dec 69.

Cdt Reihana graduates Dec. 69.

Training has included attendance at National Service courses in Communication Centre Operator and Telegraph Operator trades. The training received on these courses has proved valuable background and introduction to

Sgt Cantrick gives Cadet Hobbs his initial issue of gear.

R.N.Z.E.M.E. SCHOOL

The 1969 training year got away to a good start with 16 first year apprentices joining the 19 senior apprentices. Of these, 30 now remain either as Cadet or graduated apprentices. The other five left for various reasons, and we can but wish them luck in whatever occupations they choose in civilian life. We remind all apprentices and would-be apprentices of the high standards set by previous apprentice classes and also of the high standards required not only by the Army but in all apprenticeships. These standards are rising each year, and we can not afford to waste time and money attempting to train apprentices who are not prepared to accept the high standards required or are not prepared to make the most of their comparatively short time here at RNZEME School.

Once again, this year has seen a number of staff changes at the school, but we are still managing to obtain the services of a high percentage of ex-cadets on the staff. The Chief Instructor, Major PQ Horgan (Puttick Class) will leave in November with his family for Thailand. The 2IC, Capt BH Munro, is on a five-month TOD to U.S.A. as the New Zealand Army Technical Adviser on the M113 APC Project. Ssgt Mitchell CW (Sinclair Burgess Class), and Sgt Burrell PJ (Shuttleworth Class), arrived during the year as replacement vehicle mechanic instructors, Sgt Neil DC (a former staff member), is our new welding instructor, and Col Smart G is our new clerk. Finally, WO1 Higgison from 1 Base Workshop Trentham took over as the new Accounting Officer, replacing WO1 Cumberland. The new arrivals bring the number of ex-cadets on the staff to a total of twelve out of twenty.

Most of this year's apprentices are in the motor trades and under instruction from Ssgt Lynch GL (Young Class), a hard but very able taskmaster. At this stage of training (October) following a number of trial exams, several outstanding apprentices have emerged whom we confidently expect to top the New Zealand Trades Certification

Board exams. Engineering classes are very small this year, and students are expected to show the benefits of more personalised coaching. Overall we expect a 100% pass rate for the first time in several years.

During the average time of two years that an apprentice spends at RNZEME School, the theoretical grounding received should be more than sufficient to ensure that every apprentice, providing he continues his studies in his own time, has little difficulty in passing his Advanced Trade Certificate in future years. In addition to this initial training the School runs a number of specialist courses in each trade for tradesmen. These courses enable tradesmen to refresh their memories on the theoretical side, as well as keeping them abreast of new developments in their trade.

We look forward to seeing as many ex-cadets as possible back at the School on such courses.

Finally, the staff of RNZEME School would like to take the opportunity of wishing all graduating Cadets every success in their chosen trades and careers, and best wishes for the festive season.

testing of reinforcements for 161 Battery in Vietnam.

A large number of Officers and ORs have passed through the school during the year including several ex Cadets. Ex Cadets and Cadets currently attending courses are:

2-3 Star Battery Survey Course, Bdr Broomhall (Gentry), Bdr O'Connor (Parkinson), Lbdr Searle (Crump), Lbdr Soper (Crump), Gnr MacMillan (Ardagh), Gnr Whyte (Andrew VC).

2-3 Star Driver Operators Course, Lbdr Raines (Barrow-clough).

2-3 Star Gunners Course, Gnr Waters (Crump), Cadet Ruru.

The school is now equipped with two 14.5mm Field Artillery Trainers. This is a German weapon and will be used to train personnel in the Observation of Fire. It fires a round which produces a puff of smoke at ranges of up to one thousand meters. A miniature range for this equipment has been built in the Makiokio Valley area.

The school staff includes the following ex Cadets, WOII Rout (Shuttleworth), Sgt Dwane (Weir), Sgt Biggwith (Kippenberger), Gnr Gilroy (Andrew VC), and Gnr Hunter (Ardagh).

During the year 1 Locating Troop 16 Field Regiment moved its HQ from Fort Caughtley to Waiouru. Included on the staff of the troop are the following ex Cadets, Ssgt Newth (Sinclair-Burgess), Lbdr Soper (Crump), Lbdr Searle (Crump), and Gnr Burnett (Ardagh).

SCHOOL OF ARTILLERY

During the past twelve months the main task of the school has once again been the training and

Cadet Military Band led by Lcpl Kahotea.

INFORMATION ABOUT THE REGULAR FORCE CADET SCHOOL

The aim of the RF Cadet School is to produce soldier tradesmen and Junior Leaders of a high standard, thereby providing the Army with its main source of long-term Regular Warrant Officers and Senior NCOs and a limited number of its Regular Officers.

ENTRY TO THE SCHOOL

Cadets enter the School in January of each year. Here are one or two of the specific requirements:

- (a) **Medical:** By physically fit on an average standard comparable to your age.
- (b) **Age Limit:** Be 15 years but under 17 years 2 months of age on or after date of entry each year.
- (c) **Nationality:** Be a British subject, born or naturalised, or must have applied for naturalisation.
- (d) Produce parent's or guardian's consent to enter.

OUTFITTING

Uniforms, except for No. 1 Civilian Dress, are issued free initially and replaced as required during Cadet service. Most items of sports wear are provided free, as are all text books, exercise books and trade tools.

PAY AND ALLOWANCES

Cadets are paid fortnightly each receiving \$8.00 pocket money, the balance being paid into a Post Office Savings Bank or Thrift Club Account to encourage savings.

Pay rates for Cadets increase with age, the basic weekly rates being:—

15 years	\$13.44
16 years	\$14.35
17 years	\$17.22
17½ years	\$19.88
18 years	\$22.47

ACCOMMODATION

Barracks and most other buildings at Waiouru are steam-heated and comfortable. Ample bedding is provided and each Cadet has the use of a wardrobe and low-boy. Good meals, designed to meet the needs of growing boys, are provided.

LEAVE

The annual leave entitlement for Cadets is 22 days, plus statutory holidays.

Three free return travel warrants per year are provided for each Cadet to travel to his home. The leave is taken at times that approximately correspond with normal school holidays. A ration allowance is given during leave.

MEDICAL AND DENTAL SERVICE

Free medical and dental services are provided within Waiouru Command.

AMENITIES AND SPORT

Facilities for almost all sports are good, and besides teams being entered in local competitions, a number of matches are played against other secondary schools. Fishing, ski-ing, tramping, deer stalking and mountaineering are popular pastimes.

In off-duty hours the Cadets have the use of a library and recreation room, and periodic dances are arranged for them.

RELIGIOUS INSTRUCTION

One hour each week is set aside for religious instruction in the particular denomination of the Cadet, so helping towards the highest possible moral standards. In addition, the normal Sunday religious services are held.

PERIOD OF TRAINING

This varies from one to three years depending on the age on enlistment. All Cadets do at least one year's training and thereafter graduate at the end of the term in which they turn 17½ years, i.e., May, August and December each year.

It is the object of the School that Cadets complete their Basic All Arms Soldier Training within the first three months but this is not always possible due to the commencement of University Entrance, and School Certificate Classes and some apprenticeship training.

Those who are suitably qualified and keen to do so may take

full-time education aiming for School Certificate and University Entrance Examinations. Some of those who are accepted for apprenticeships do school work integrated with the trade training, while some of the remainder take a general education course leading to Army Education Certificate Class II, and then commence their trade training.

Some non-apprenticed Cadets go straight on to full-time military training in the Training Wing of the School or at Corps Schools.

All Army trades are open to Cadets, but in the main they are trained as:

- a. Potential instructors in all Corps.
- b. Apprentices, in the automotive, radio, electrical, plumbing and building trades.
- c. Administrative personnel.

PROMOTION

A Cadet who shows leadership qualities has the opportunity for promotion to various ranks up to Cadet Regimental Sergeant Major. The Ranks of Cadet Sergeant and above bring an increase in Pay. Any rank gained whilst a Cadet is relinquished on graduation.

MONDAY CLOTHING CHANGES

At approximately 1600 hours one Monday afternoon, a nameless Cadet was asked by the Clothing Storeman, "What size drill green shirt do you wear lad?"

The nameless one answered, "I am not sure Sar Major, but I wear size eight shoes, if that is any help."

Our spy at the Inter District Winter Sports Tournament counted 74 Ex Cadets actively participating.

CADET RSM BROWN KR

Cadet RSM Brown joined RF Cadet School in January 1968 as a member of Ardagh Class, coming to the School from Napier Boys' High School. He passed School Certificate in 1968 and is sitting for the University Entrance Exam this year.

During 1968 RSM Brown rose to the rank of Cadet Ssgt and was promoted to CSM A Coy in May 1969. In June 1969 he was promoted to Cadet RSM.

Cadet RSM K. R. Brown.

RSM Brown has a good sporting record. He is captain of Cadet School 1st Tennis team, a member of the Taihape Athletic Club and holds two West Coast North Island provincial titles. He competed as a member of WCNI team against Waikato and as a member of the Army Athletic Team. Rugby is his winter sport — he was a member of Cadet School 1st XV in 1968 and 1969, a member of Ruapehu 3rd Grade Reps in 1968 and their captain in 1969. He was also captain of King Country 3rd Grade Team in 1969.

Cadet RSM Brown has passed a Regular Officer Selection Board and on graduation in December this year will be posted to the Officer Cadet Training Unit, Waiouru from where it is planned he will go to the Royal Military Academy at Sandhurst. We take this opportunity in wishing him every success in the future.

CSM DEMPSTER-RIVETT RD

CSM Dempster-Rivett RD hails from sunny Whakatane and is the third Old Boy of Whakatane High School to have attained the rank of CSM, the other two being CSM Kelly and CSM Stowell LD. He joined Cadets in January 68 and sat School Certificate at the RNZAEC Education Wing at the end of that year. In March of this year he commenced trade training as a Vehicle Mechanic and is currently attending classes at RNZEME School in preparation for his First Qualifying Examination.

CSM Dempster-Rivett, R.

His two main sports are Cricket (1st XI) and Rugby, being Captain of the 1st XV. However, he is a natural sportsman and has shown good all-round ability. This season he is trying his skill at Volley Ball.

Promoted to Lcpl in August 67, CSM Dempster-Rivett steadily worked through the ranks until he was appointed CSM B Company in May 68. When he graduates in May 70 he will be posted to the X List until December, but then hopes for a posting to Papa-kura or Ngaruawahia.

CSM GRUBB MJ

Cadet CSM Grubb was born in British Columbia and came to New Zealand in 1962. He attended Rutherford High School, Auckland for two years before joining RF Cadets in 1968 as a member of Ardagh Class.

During 1968 and 1969 CSM Grubb has been at Education Wing and will sit further School Certificate subjects in November, having already gained two passes. He intends to become an Infantry Instructor and will commence training to this end in 1970. He was promoted to Lcpl in January 1969, to Cpl in April and Sgt in May. He became CSM A Coy in September 1969.

Since his arrival at Cadet School CSM Grubb has pursued his interest in Boxing and is a member of the Cadet Boxing Team.

WOII Grubb M.J.

CADET CSM MUNRO J. D.

Joined RF Cadet School in January 1969 as a member of Ardagh Class. On completion of

Basic Training and continuation training he attended Basic All Arms Instructors Course No. 57, Jan/Apr 1969. He also attended a Junior NCO Minor Tac Course at the School of Infantry. Between courses he was employed as an Instructor with Cadet School Training Wing.

CSM Munro was promoted to Ssgt in May 1969 and to CSM A Coy in July 1969 and graduated in August. He is currently posted to 1 Bn Depot in Burnham.

POSTINGS — RF CADET SCHOOL STAFF

Posting Into School

Spr Archer TN ex SD Const Tp.
Cpl Broughton WE ex 1 RNZIR.
Cpl Cooper GW ex 1 RNZIR.
Lcpl Davies RA ex 1 RNZIR.
Lt Dreyer WP ex Fairfield Col.
WOII Foster P ex SME.
Sgt Hill RS ex 1 RNZIR.
Sgt Jenkins RE ex 1 RNZIR.
Cpl Kaa PH ex 1 Bn Depot.
Ssgt Matson PO ex HQ Far East.

Sgt Carmichael GJ to RF Depot.
WOII Cherrington H to Army HQ.

VISIT OF COMMANDER FARELF 15 JULY, 1969

Lt Gen Sir Peter Hunt, KCB, DSO, OBE, Comd, Far East Land Forces, visited Waiouru on Wednesday 23 July 1969.

The reception guard of honour

was provided by Regular Force Cadet School comprising forty-four Cadets and four Regular Force Staff. The Guard was commanded by the OC, Maj HR Burt, the Lt of the Guard being Lt RP Withers. The Right Guide was WOII Wawatai HK, and the Left, Sgt Nepia MTeO. The Cadets were selected from both classes and represented all trades.

The guard paraded in front of Waiouru Command and looked very smart dressed in SDs, White Web and Berets.

The Guard of Honour awaits the arrival of Lt. General Hunt, C-in-C of Far East Land Forces.

OPENING OF NEW OR's MESS HALL

On Tuesday 15 July 1969, Regular Force Cadet School provided a forty-eight strong Guard of Honour for the Minister of Defence, the Honourable K' Thomson MC, during the occasion of his visit to officially open the new 1,000 man OR's Mess.

This guard was commanded by Maj MR West, the Lt of the guard being Lt RP Withers. The Right and Left Guides were WOII Wawatai HK, and Sgt Nepia MTeO respectively.

The Guard was marched to its post near the Mess Hall at 0915 hours, where it formed two ranks and awaited the arrival of the Minister of Defence.

A general salute was given the Minister as he arrived. He then inspected the guard. Later he gave very favourable comments about the guard in the speech that he made in opening the Mess Hall.

CADET DANCE BAND

Left to right: Cadets Tumataroa, Ruru HW, Rankin, Tahuri, Driskel, Ruru N.

Since the Band's first public appearance at the Taihape College Social several appearances have been made at the Waiouru Community Centre.

Thanks are due to the Cadet General Fund Account Committee, who really got us started by purchasing an amplifier and other necessary equipment.

THE CADET SCHOOL DANCE BAND

The Cadet School Dance Band was reinstituted for the 21st Birthday Celebrations as the result of the initiative of several senior Cadets. Under the expert guidance of Sgt Manuera, much hidden talent was exposed and by the time the 21st Birthday Dance was held the standard was such that their lively playing more than compared with the hired band.

PT Display: stripping a jeep.

Birthday Parade led by Cadet RSM Brown.

GRADUATION DAY 1968

Three Graduation Parades are held each year, at the end of the first, second, and third terms. Each Graduation includes a formal parade, a prize giving ceremony and a formal dinner. However, the major parade is the end of year one.

In 1968 this was held on Thursday, December 12. As usual the parade was controlled by the Cadet RSM, Hutchinson WB.

At 1400 hours the Reviewing Officer, Colonel JW Ardagh, OBE, MB, ChB, FRACS arrived and was greeted by a General Salute. This was followed by an inspection of the parade, at the conclusion of which Colonel Ardagh returned to the reviewing stand to take the salute from the Cadets who marched past twice, first in slow time and then in quick time.

After the march past the graduating Cadets fell out from the formation and reformed in front of the reviewing stand where they were presented with their Corps hat badges. Following the presentation another General Salute was given as Colonel Ardagh departed.

Then followed what is probably the most moving part of the whole ceremony. The graduates under RSM Hutchinson marched past the non-graduates. The graduates gave an "eyes right", while the non-graduates presented arms, both actions being indications of high military respect. When graduates were clear of the parade ground the Cadet RSM designate, led the non-graduates off.

Throughout the parade the drill and bearing of the Cadets was of the highest standard.

Music was provided by the Cadet Band. Their high standard helped the Cadets maintain a fine standard of marching.

P.T. DISPLAY

Following the parade and before afternoon tea was served Sgt Pitt's P.T. display group gave an entertaining half hour display to Cadets and Guests. In a programme which included Unarmed Combat, Box and Mat Work, and a Timed Stripping of

*December Graduation Parade Marches Past
led by RSM WB Hutchinson.*

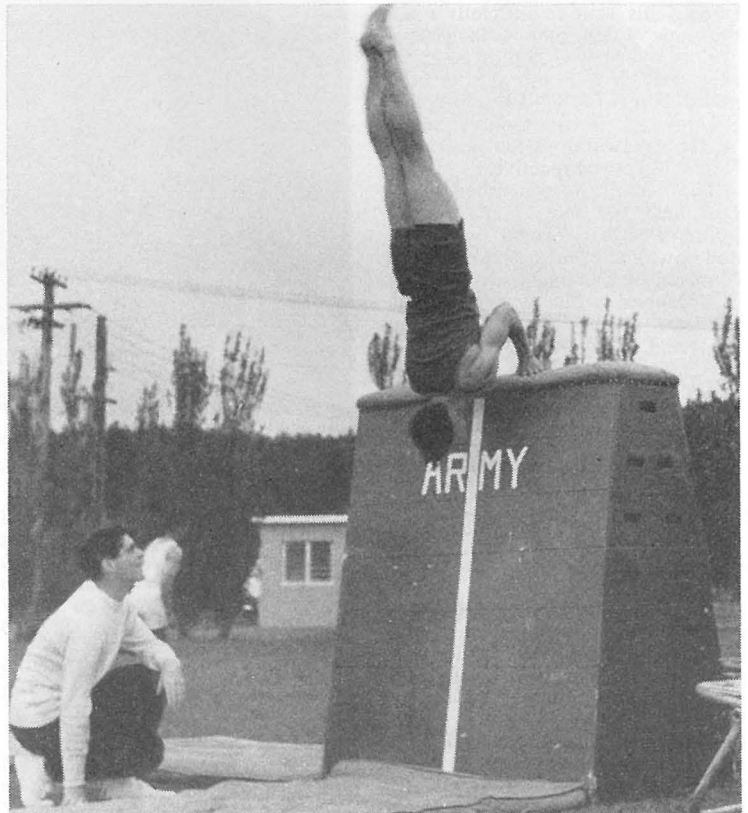

a Jeep, it was impossible to decide which was the most spectacular.

The standard was indeed high.

PRIZE GIVING

After a truly magnificent after-

noon tea, provided by Staff Sergeant George and his mess staff, cadets, parents, staff and friends moved to the Command Cinema for the Prize Giving. This year the address and presentation of the prizes was carried out by

Part of the Pt Display.

Colonel Ardagh. Those to receive prizes were:

Military Prizes:

The Officer Commanding's Trophy — (The Petherick Cup) — Cadet Dow DA.

The Best All-Round Cadet — Cadet RSM Hutchinson.

The Best All-Round First Year Cadet (The Milne & Choyce Cup) — Cadet Sgt Hollander SJR.

The Best Cadet on Soldier Training (The Ball Memorial Cup) — Lcpl Marret J.

The Champion Drill Platoon (The Fell Trophy and The Hutchings Cup) — 1 Platoon 'B' Company — (Cadet Sgt Anderson (GJ)).

The Champion Company at Sport, Cross Country and Shooting (The Commandants Shield) — 'A' Company.

Individual Best Shot (The Champion Shot Shield) — Cadet Watkins TR.

Corps Prizes:

RNZA Gnr Lenihan MJ.
RNZE Cadet Sgt Findon G.
RNZ Sigs Cadet Sgt Houltham JR.

RNZIR Sgt Pederson LMH.
RNZASC Cadet Lonergan L.
RNZEME Cadet Stannard SG.

Trade Prizes:

Most Promising First Year Apprentice (The Hannah Cup) — Cadet Sgt Houltham JR.

Most Promising First Year RNZE Apprentice (The Baker Cup) — Cadet Sgt Anderson GJ.

Most Efficient First Year Apprentice Chef (The Flight Lt WE Turnham Cup) — Cadet Robertson GA.

The Best Cadet Part II CFA Examination — Cadet Robertson GA.

Education Prizes:

Top Cadet in University Entrance Class — Cadet Sgt Hollander SJR.

Top Cadet in School Certificate Class — Cadet Lcpl Frost CP.

Top Cadet in General Education Class — Cadet Ridler GM.

Top Cadet in Apprentice Class — Cfn Chambers DW.

Most Promising Cadet On Education — Cadet Belcher SJ.

Sporting Prizes:

The Best All-Round Athlete (The Thomas Trophy) — Cadet Dreaver K.

Individual Cross Country Champion (The Sharpley Trophy) — CSM Humphries BP.
The Most Promising Rugby Player (The Tiny Hill Cup) — Cadet McCracken KA.

The Most Improved Soccer Player (The Wighton Cup) — Cadet Sgt Findon.

Champion Cross Country Company (The Maurie Power up) — 'A' Company — Cadet CSM Humphries BP.

The Champion Rugby Company (The Rugby Shield) — 'B' Company Cadet CSM Stowell LD.

Champion Swimmer (The Firth Cup) — Cadet Sgt Hollander SJR.

Champion Tennis Player (The Jackways Cup) — Pte Munro LW.

Sir Stephen Weir inspects 21st Birthday Parade accompanied by RSM Brown.

21st BIRTHDAY PARADE

As part of the 21st Birthday Celebrations the RF Cadet School held a ceremonial parade on Saturday 12 July 1969. The School was particularly honoured by having the parade reviewed by Maj Gen, the late Sir Stephen Weir, this being probably the last Major Military function attended by that fine officer and gentleman before his death. It was further notable in that he was Patron of this year's Cadet Class.

At 1030 hours the School, under Cadet RSM Brown, was drawn up on number one Parade Ground, in line and inspection order, awaiting the arrival of Sir Stephen.

His car drove on to the Parade, preceded by a Provost Escort, and when he had alighted and taken his place on the dais, a general salute was given by the unit. RSM Brown then invited Sir Stephen to inspect the unit.

The inspection over, the unit changed its formation by means of a right form at the halt and then marched past in slow time. Having completed the circuit, the parade broke into quick time, on a signal from the Band, and marched past once more in line. After this was completed the unit reformed in line then carried out an advance in review order, and a general salute.

This was followed by an address by Sir Stephen during which he complimented the unit on its bearing, turnout, and performance. This was praise indeed coming from a soldier who had seen many large and elaborate parades during his long term of service.

His address over, Sir Stephen Weir was farewelled from the parade ground with the customary general salute and after his departure the unit marched off showing the obvious pride and sense of accomplishment that had rightly been earned by a very good performance.

TWENTY-FIRST ANNIVERSARY DANCE

This function was held in conjunction with the Cadet School Twenty-First Anniversary Celebrations and proved to be a

grand finish to a memorable day.

Organising committee: Capt H Duncan, chairman; Sgt Cantrick HG, decorations; Sgt Jackson, CD and WOII Ellis, programme. Sg: Manuera, RN Cadet Band supervisor.

In the past a shortage of partners for Cadets had proved the stumbling block for functions of this type, but on this occasion over one hundred girls from Ruapehu College and Taihape College accepted invitations. Buses were sent to bring them to Cadet School and all Cadets waited anxiously for them to arrive.

The girls were met, introduced and whisked away into the crowded Recreation Room then to a Buffet Dinner in the Cadet Mess.

The Cadet Band set the mood of the evening's dancing and few people "sat it out". The dance floor was crowded and seating had to be removed to provide more room.

Staff, Guests, and Cadets entered into the spirit of the evening and all thoroughly enjoyed themselves. Midnight and the end of

the dance came too soon.

A great deal of effort was put into the preparation for this function. We thank Sgt Cantrick for his work in decorating the hall, Sgt Manuera, and the Cadet Band, the Principals of Ruapehu and Taihape Colleges for their co-operation, and above all the girls for attending.

The success of the evening was told in letters of appreciation from many of those who attended and the many requests for more functions of this nature from Cadets.

Functions of this nature are an essential part of the training of young people and in the past have been all too few at Cadet School. The success of the Twenty-First Birthday Dance was the result of enthusiastic preparation, a high standard of dress and behaviour by the majority of Cadets who attended, and the friendliness and consideration with which our Guests were greeted and looked after. The evening was a memorable one and it is our hope that more functions of this nature can be held in the future.

WOII Rivett and Lcpl Walker with Partners at Birthday Dance.

SPORT

RUGBY 1st XV

Back Row: Cadets Rata, Ruru, Byrne, Furlong, Brown, Frost, Walker.

Middle Row: Cadets Gear, Fleming, Herbert, Stanley, Robinson, Smith, Dawson.

Front Row: Capt Cooper (Coach), Cadet Alty, Wilson (V Capt), Dempster-Rivett (Capt), Olsen, Fremlin, Sgt Nepia (Manager).

1st XV, 1969

Local Competition

With only three of last year's 1st XV (Alty, Brown and Rivett) returning, the 1969 team relied extensively on new blood. However, apart from defeat by Ruapehu College early in the season, and a loss to Pirates on a leave weekend when all but three of the regular team were on leave, the team easily won its competition games, thus once more winning the combined Taihape — Ruapehu Competition.

The forwards, led by this year's team Captain, Rivett, were the dominant division in the team. Good line out ball was consistently won by Brown and Furlong, with Smith, who as the season

progressed developed into a very good hooker, gaining more than his share of ball from set scrums. Rivett played intelligently as a number 8, either covering brilliantly or disrupting the opposition back line going forward. The remainder of the forwards, notably Belcher, provided the necessary support.

The back division did not live up to early season promise, a reluctance to tackle, and failure to pass the ball crisply being the main faults. However, the half back Phillips until he broke his toe, and the first five eighths and Vice Captain Wilson always played good football. Late in the season, the determined running of Fleming on the wing also became a distinguishing feature.

Results were as follows:—

v Utiku Old Boys 53—3, 40—0.

v Pirates 36—3, 45—0, 3—14.

v 2nd XV 12—3, 21—15.

v Taihape College 20—6, 13—3, 16—6.

v Ruapehu College 6—15, 14—3, 12—0.

The third round was cut short when it became obvious that we could not lose the competition.

Inter-School Matches

These were a mixture of good and bad. Almost always the forwards were able to provide the backs with good ball, but some woefully weak tackling by the backs undid this good work. In fact only Wilson, the smallest of the backs apart from the half back, was a consistently good tackler.

However, on only two occasions were we really outplayed. The first was against St. Stephen's when their weight, an incredible amount of mud, slush, wind and rain, together with their ability to play good football overwhelmed us. The second was against the Napier 3rd Grade Rep side, when we were weakened by the loss of Brown and Wilson on a Regular Officer Selection Board and Dawson and Furlong who had graduated.

On the credit side the team fought back well from being 14—0 down at half time against Pukekohe. No other games were lost except the evenly matched encounter with Collegiate where either side could have won.

Results were (Cadets Score First):

- v Pukekohe High School 17—14.
- v St. Stephen's 0—29.
- v Whakatane 17—9.
- v Taumaranui 21—3.
- v Collegiate School 2nd XV 3—6.
- v Opotiki College 6—6.
- v Napier 3rd Grade Reps 3—52.

Junior Inter-Service Tournament

This was played this year at Woodbourne. The loss of the regular half back and one of the team stars, Phillips, with a broken toe just prior to the tournament severely weakened the side. Even so the results of the games were disappointing. After playing into a strong wind and being only 2 points behind at half time against Navy, we should have scored at least once with the wind. We did not. Likewise the game against Air, which was drawn, was another case of lost opportunities.

Results (Cadets Score First):

- v Navy 9—11.
- v Air 9—9.

In conclusion mention must be made of Brown's feat in passing 100 points for the season, mainly through kicks, and Brown and Rivett being chosen for the King Country Third Grade Rep side, of which Brown was Captain.

RUGBY TOUR TO AUSTRALIA

Largely thanks to the efforts of Lt Col Quinn, AA & QMG

Waiouru Command, a Cadet Rugby team was able to visit Australia from October 6th to October 11th. Thus an enthusiastic group of Cadets left Waiouru on Sunday 5th October on the first leg of the journey to Melbourne.

After an 0530 hours breakfast at Papakura the next morning, we were taken by bus to Whenuapai where we eventually boarded a RNZAF Hercules Aircraft for the trip across the Tasman. The first stage of the flight was a very short hop to Mangere where the aircraft took on extra fuel. This gave most members of the Cadet Party the chance to shop at the Duty Free Shop, most buying either transistor radios or watches.

The trip across the Tasman took about five hours and we eventually landed at Canberra about two o'clock Australian Eastern time which is two hours behind New Zealand. At Canberra we were met by Major Cooke, Royal New Zealand Army Service Corps, and Ssgt Ballance, Royal New Zealand Armoured Corps, the New Zealand Instructors at Duntroon, who took us on a conducted tour of Canberra and the Royal Military College Duntroon.

By five o'clock we were back at the Airport and had a quick snack before boarding a TAA Electra for the journey to Melbourne, where we were met by our Australian Army Liaison Officer, Lt Costello. From Melbourne Airport we were taken by bus to Watsonia, a large camp on the outskirts of Melbourne.

The next morning, Tuesday, was taken up with a sightseeing tour of Melbourne which included a visit to Flemington Race Course where the Melbourne Cup is run. In the late afternoon we journeyed out to the Army Apprentice School at Balcombe where we spent the night.

On Wednesday afternoon we were to play our first match against the Balcombe under 18 side. Despite an interesting tour round the Apprentice School in the morning and a look at such apprentice training as Apprentice Blacksmiths and the School of Music, the game was first in everyone's thoughts. This was

especially so as their under-19 side had beaten Napier Boys' High School, from New Zealand, during their earlier tour.

The game was played on a hard ground and produced some of the best football played by a Cadet side this year. We eventually won by 15 points to 11. All our points came from tries scored by Tahuri, Gear B, Drake, Arnesen and Brown. The Captain, Wilson, had a particularly good game, but all played intelligently. After the game we returned to Watsonia.

The next morning was spent in shopping in Melbourne which resulted in most people going broke! In the afternoon we travelled to Flinders Naval Base where we were to play HMAS Cerberus Colts. Again the ground was fast, but possibly because the team was feeling the effects of the previous day's game, the football was poor. However, we eventually won a rather scrappy game by 8 points to 6 with Smith scoring a try and converting it and McIntyre scoring a further try.

Friday morning saw another 0530 hours breakfast, the flight back to Canberra being an early one. Once more we were greeted by the Duntroon bus and taken to our Hotel at Queenbyan about eight miles from Canberra. The rest of the day was free for sightseeing.

Next morning the Duntroon bus took us to the Australian National War Memorial Museum, a truly splendid place. After this we were taken to the Airport and by 1230 hours were aboard the Hercules for our journey back to New Zealand.

The journey was broken briefly by a stop at Richmond Airport, Sydney, where we collected two medical casualty evacuees from Vietnam.

We eventually arrived back at Whenuapai at 2100 hours and after spending the night at Papakura returned to Waiouru the next day.

2nd XV NOTES

The team this year met with moderate success, a number of games being lost in the middle of the season. Highlights of the competition games were close

RUGBY 2nd XV

Back Row: Lt Dreyer (Coach), Cadet Pond, Arnesen, Mason S, Alexander, Preston, Frost, Robinson T, Porter, Rankin, Lepper. Front Row: Cadets McGlone, Chismon, Webley, McIntyre, Robinson P, (Capt.), Mason PW, Pawson, Fremlin.

and exciting games against the three major teams in the competition — the Cadet School, Taihape, and Ruapehu College 1st XV's. These games were keenly contested and were much more even than in previous seasons.

Three inter school matches were played. Against Pukekohe the 2nd XV won 20-6 with good tries by Pegg, Drake, Porter and Fremlin; a penalty and a conversion by Chismon; and a penalty by Clifford.

The St. Stephens match was played at Bombay, South Auckland in sub arctic conditions. Even the snowmen from Waiouru shivered! At half time after having played with the wind the team was down 6-0 and did well to hold St. Stephens to only 10 points in the second half. Chismon kicked a penalty to make the final score Cadets 3, St. Stephen's 16.

At Opotiki, especially in the first half the team played well. Piercy scored twice and Davies once to make the score 9-0 at half time. However, the second half saw a reversal of form with Opotiki attacking strongly. Only determined defence saw the 2nd XV emerge the winners at the final whistle by 9-6.

Finally our congratulations to Rata, Stanley, and Fremlin who were promoted to the 1st XV during the season.

3rd XV NOTES

This year the Third Fifteen was undefeated in the local competition. All games were won

convincingly, even if on two occasions the Thirds were behind at half time. These two games tested the spirit of the team, and it was very pleasing to see them fight back and eventually win. Such situations were all too few this season and the side did not have pressure applied to it frequently enough to develop its full potential. Some idea of this can be gained when it is realised that we scored 225 points and conceded only 50 points against!

In spite of its relatively easy competition victories, the side did play hard, clean rugby with every member doing his best for the side. There was always an even division of play between backs and forwards with the forwards frequently finishing off

moves initiated by the backs.

The two non-competition games, one against the Second Fifteen, and the other against Wanganui Collegiate Third Fifteen, were the highlights of our season. The match against the Seconds was looked forward to by all members of the team and we were determined to back up our prematch boasting with really hard work. Hard work it certainly was, and although the seconds won 12-11 we were pleased with the result. It was a good game and we thank the Second Fifteen.

Wanganui Collegiate Third Fifteen was a well drilled side and the winners of their local competition. Right from the start of the game it was obvious that this was the best side we had met and they scored eight points in the first few minutes leading 11-3 at half time. The Cadet team recovered from its initial shock and fought back to lose by the narrow margin of 3 points, the final score being Cadets 11, Collegiate 14.

4th XV NOTES

This year there were only four teams entered in the competition and it was found that although the Cadet 3rd XV was far too strong for us, both the Taihape and Ruapehu College sides were about our level. Thus we were able to defeat Ruapehu College twice, while the losses to Taihape College were reasonably close.

RUGBY 4th XV

Back Row: Sgt Manuera (Coach), Cadets Grey, Watkins, Baty, Raina, Sutherland, Rolston, Pegg, Allen. Front Row: Cadets Nickerson, Burnett, Subritsky, Ardern, MacGibbon, Bogue, Prescott, Walker SD.

SOCGER 1st XI

Back Row: WOII Reid (Coach) Cadets Goldfinch, Richardson, Gardner, Gunn, Davidson, Butler, Wright.

Front Row: Cadets Turnbull, McKissock, Subritsky, Scott.

SOCGER NOTES

Although the 1969 season opened with 47 players, the number lost at the May Graduation reduced our effective strength to the point where only two teams were able to be fielded. One team, Cadet Celtic, played in the 1st Division of the Central North Island League while the other team, Cadet Spurs, played in the 2nd Division.

The high standard of the 1st Division brought out the best in the Cadet Celtic side, which finished the season in third position. Cadet Spurs were second in the Second Division.

Three inter school fixtures were played, the results were: v. Taumarunui: Cadets 11 — Taumarunui 0. v. Whakatane High School: Cadets 4 — Whakatane 6. v. Air Cadets: Cadets 0 — Air 1.

Newcomers who made their mark were Cadets Davidson, McKissock, Subritsky, Turnbull, Butler and Crabtree. The old hand, and team captain, Gunn always played well. Goldfinch took up the Referee's whistle and is beginning to develop well.

Four Cadets (Gunn, Davidson, McKissock and Subritsky) together with Sgt Pitt, the team Coach, were selected in the Waiouru Command side which travelled to the Inter District Sports. WOII Reid was the Manager. After the Sports, Gunn and Davidson along with Sgt Pitt were selected in the Army Team.

In the Wednesday, six-a-side, Inter Unit Tournament, the Cadet 'B' Team won the final 3-2, after extra time had prolonged the game to two hours duration!

The Annual Staff versus Cadets fixture saw a determined Staff side beaten 5-2 in a game about which the most unfit staff player was heard to say, "Golly I enjoyed that".

BASKETBALL NOTES

Think of Indoor Basketball and you think of the seven-foot giants of the Harlem Globetrotters variety.

But that is not the case in the Cadet School where a growing band of eager Cadets throughout the year turned basketball into a sport for 'shorties' as well.

The challenge of NZ Secondary

Cpl Pirikahu turns a blind eye during the staff soccer match.

BASKETBALL TEAM

*Back Row: Cadets Jensen, Lowe, Vinicombe, McGregor, Furlong.
Front Row: Cadets Bryant, Ruru, Patterson, Wipiiti.*

School participation would have been an inspiration to the Cadet Basketball players had there been ideal opportunities to prepare. But without those opportunities the challenge just to play became more intense and the inspiration and effort even greater.

Of course the Cadet teams had their disappointments through an inability to bring players together for any intensive period of training.

To progress can be a painful process and Cadet Basketball throughout the season did progress. It is a big circle:

'We accept any challenge because we want to learn'.

'We want to learn because we want to go ahead'.

'To go ahead we must be prepared to accept any challenge.'

And the players always had hope because the ball they played with was round.

The whole tempo of the game did of course rise very rapidly through the season. Players did recognise this and the fact that the high stakes of today breed a much more competitive atmosphere than ever before.

As the season progressed the improvement in all players both individually and in team work was tremendous. This is a game which requires the utmost in skill and physical fitness. Basketball can be likened to a convoy during the war, which moved only as fast as the slowest ship. A player is governed by the standard of the grade he plays in. The policy of their coaches WO1 CP Dyson and Ssgt McFarlane IC, in conducting the Cadet practice in conjunction with the Waiouru Command Representative practice was a very sound one indeed. This raised the sights of the individual Cadet players.

What of the players?

A pleasing feature was the progress of several promising players. T. Jensen, S. Vinnicombe, P. Nevin.

Both Jensen and Nevin on the recommendation of the Waiouru Basketball Association were nominated and attended the final coaching session in May from which the NZ under 18 team was selected to tour Australia. Neither through lack of experience made the final team. However the progress that these two made after this was tremendous.

Jensen had the advantage of height (6 ft 4 in) and has shown some marked ability and progress. He just failed to make the under 18 NZ team but if given the same chance now at the end of the season would be hard to leave out. Nurtured along throughout the season and brought on in representative

games only when the tempo of the game had settled down, he proved of immense value. The highlight was his being selected for Waiouru Command and the NZ Army teams. In tournaments the value of his increasing ability to score goals was important to the team. He was on ability alone selected as the most 'Improved Player' and the player to score 'Most Points' in the Waiouru Association. We should hear much of this promising lad in the years to come.

Jensen has been only the third Cadet, in the 21 years of the Cadets, to make the NZ Army Team while still a serving Cadet, the others being R. Sharrock (1958) and J. Talbot (1968). This does not mean that the standard of the Army Team is low — no, on the contrary the NZ Army Team is among the top bracket of 'A' Grade Provincial Teams.

Vinnicombe was another whose natural left handed ability was also a decided asset. A good team player who was surprisingly deceptive and a most able set shooter. Unfortunately this player was not available for District Team selection, but should progress and make his mark in the years ahead.

What about the rest of the Cadets in the squad?

These players are the best investment for NZ Army Basketball. These were the hardy dedicated enthusiasts who week after week attended practice sessions and Club games.

To single out any one person would not be fair to all of the others who put in equally as much work and effort. Some of these players will certainly make district teams if not higher in the future.

The Cadets also assisted materially with the expansion of the game by assisting with a coaching clinic in Taihape to develop both Rep and College Basketball.

The Games

Two teams played in the local Waiouru Association Competition during the season and throughout the competition turned on some creditable performances.

A team was also entered in the Central Districts' Secondary School Boys' Tournament. Some

of the top players were unavailable but those who did play, with only limited practice beforehand, played very well and almost pulled off the competition.

The Cadets defeated Whakataane High School at Waiouru before a large audience of members of the Cadet School and Staff. The boys played very well indeed and won by a large number of points.

The 1969 Cadet teams were selected from the following players:— Jensen, Nevin, Vinnicombe, Ruru, Munro, Furlong, Everson, Stewart, New, McGregor, Williams, Bryant, Barnes, McCormack.

Although not a member of the Cadet School Staff, we must thank WOI Pat Dyson for the service he has given to the school over the past three years through the coaching of the Cadet Basketball teams and also to the game of Basketball in general.

CROSS COUNTRY

The Waiouru Cross Country course covers a distance of 5.7 miles of road, hill and swampy country. Thus it is a real test of speed and stamina. This year's school race was held on September 10th and produced the usual good results.

Butler (A Coy) won in the good time of 26 minutes 31 seconds, while the first ten men home all covered the course in 28 minutes or less. These were:

1 Butler (A Coy), 2 Bogue (A Coy), 3 Davidson (A Coy), 4 Walker SD (A Coy), 5 Goulter (A Coy), 6 Ruru N (A Coy), 7 Hunter (A Coy), 8 Gunn (B Coy), 9 Williams (A Coy) and Subritsky (A Coy). The Inter Coy winner was A Coy.

On the 17th September, 1969, the Command Cross Country race was held. The Cadet School entered several teams and had the distinction of winning both the teams' and combined teams' events. As well Butler was the overall individual winner.

HOCKEY NOTES

At the start of the season, the team looked promising, mainly because of the presence of several of the previous season's players. Therefore the early games, prior to the May Graduation,

Cadet Butler winning the Command Cross Country.

were evenly contested. Our first game — the annual fixture with Wanganui Collegiate — on ANZAC Day was a case in point. Down 4—0 at half time an evenly contested second half saw us score four goals to their two, due to some fine hockey by Langdon and McKerron. The final score was 6—4 to Collegiate.

The local competition, which is mostly against men's teams, commenced with a seven-a-side competition in which the Cadets were runners up. After this when the competition properly began, we had a walk over against Ruapehu College, winning 12—1. However, this was our last real success. May Graduation saw the departure of several good players

HOCKEY 1st XI.

*Back Row: Cadets Thompson, Stevens, Raina, McKerrow, Ross, Wheeler,
Cpl Inwood (Coach)*

Front Row: Cadets Hunter, Neels, Perger, Mateer, Young, Ridler.

and this depletion continued.

School matches were played against Taumarunui High School, Whakatane High School, and the Air Cadets from Woodbourne. As all these games were lost probably the least said about them the better. However, congratulations to our opponents.

DEERSTALKING

The most popular form of recreation within the Cadet School is undoubtedly deer stalking. However, as the time available is restricted to weekends, and as only two staff members (Sgt Riri T. and Sgt Cantrick G) are available to act as guides, the 145 Cadets interested in stalking have had only restricted outings. In fact but for the able help of WO1 T Fell, WDI D Hudson, WOII Wereta T, Ssgt Fowler P, and Sgt Henderson M only a fraction of this number would have been able to actively participate.

The area in which the Cadets

Deer Stalking Party Cadets: Tako, Walker AJ, Walker R.

do their stalking is the Army property lying in the Kaimanawa Ranges. This is good deer stalking country and over the last two and a half years Cadets have shot 115 deer. A good result considering that practically all the Cadets are still beginners.

As well this year the deer stalking huts have been repaired and, where necessary, renovated. The task of transporting the huts out into the field and siting them there was one of the more notable feats of the group.

SWIMMING SPORTS

The Regular Force Cadet School Swimming Championships were held at the Ohakune Baths on Saturday 15 February 1969. Results were:

33½ yds Freestyle: 1st Byrne, 2nd Hollander, 3rd Frost. Time 18 secs.

33½ yds Breaststroke: 1st Mason, 2nd Subritzky, 3rd O'Brien. Time 24.5 secs.

33½ yds Backstroke: 1st Hollander, 2nd Verry, 3rd equal Allan and Nagle. Time 22.7 secs.

100 yds Breaststroke: 1st Langdon, 2nd Mason, 3rd Verry. Time 94.2 secs.

100 yds Backstroke: 1st Hollander, 2nd Byrne, 3rd Verry. Time 77.4 secs.

100 yds Freestyle: 1st Davis, 2nd Byrne, 3rd Hollander. Time 61.0 secs (record).

220 yds Breaststroke: 1st Davis, 2nd Langdon, 3rd O'Brien. Time 3.43.8 (record).

100 yds Medley: 1st Davis, 2nd Verry, 3rd Subritzky. Time 77.9 secs (record).

100 yds Relay: 1st 'A' Coy. Time 53.1 secs (record).

220 yds Freestyle: 1st Davis, 2nd Byrne, 3rd Frost. Time 2.53 secs.

Champion Swimmer: V. Davis.
Champion Coy: 'A' Company.

ATHLETIC NOTES

By making full use of the opportunities offered by the weekly Taihape Competition, Cadet Athletes were able to look back on the 1968-69 season as one of their most outstanding.

Langdon is the Taihape Colts Champion, Dreaver the Taihape Junior Champion and Sgt Nathan the Taihape Senior Champion. As well five new Taihape records were set.

Several Cadets took part in events outside the district. A Cadet team was sent to the Wanganui Championships, where in the seventeen events they entered, they won fifteen and were placed in the other two. This was followed up by the team gaining six titles at the West Coast North Island Championships and the setting of a new record in the Colts High Jump by Davidson at five foot six inches. Other winners were Brown in the Colts Shot Put and Junior Hammer Throw; Dreaver in the Junior High Jump; and O'Leary in the Junior Javelin throw.

Near the end of the season a team was sent to the Bryant Memorial Sports at Pukekohe. The standard here was considerably higher than in this area and despite some good performances, only Furlong who gained a third in the Senior High Jump, performed near his best mark.

Notable achievements during the season were the selection of Brown, Davidson, Dow, Dreaver, and Alty to represent the West Coast North Island team; and Brown, Alty, Davidson and O'Leary being selected for the Army Athletic Team for the

Summer Inter Service Sports Tournament.

Results of the School Sports were:

100 yards: Dow 1, Alty 2, Gunn 3.

High Jump: Furlong 1, Dreaver 2, Davidson 3.

Discus: Dreaver 1, Butler 2, Drake 3.

One Mile: O'Leary 1, Stewart 2, Langdon 3.

Triple Jump: Davidson 1, Brown 2, Edgcombe 3.

220 yards: Dow 1, Gunn 2, Alty 3.

Shot Put: Dreaver 1, Brown 2, Gregory 3.

Javelin: O'Leary 1, Dreaver 2, Langdon 3.

440 yards: Dow 1, Gunn 2, Gear 3.

Tug-O-War: 'B' Company.
880 yards: Bell 1, Butler 2, Brown 3.

Broad Jump: Davidson 1, Dreaver 2, Alty 3.

Three Miles: Stewart 1, Langdon 2, Cameron 3.

110 yards Relay: 'B' Company.
Champion Track Athlete: D. Dow.

Champion Field Athlete: K. Dreaver.

Winning Coy: A Coy.

ATHLETIC TEAM

Back Row: Cadets Dreaver, Langdon, Edgcombe, Gunn, Sgt Pitt (Coach).

Front Row: Cadets Davidson, O'Leary, Alty, RSM Brown.

TENNIS 1968-69

Thirty six Cadets chose to play tennis and represent the School and the Waiouru Tennis Club in various competitions.

Dressed in grey longs and Cadet School Blazers (and with whites on ready to play) the Cadets presented to the remainder of tennis enthusiasts in Waiouru a will, not only to play as well as possible, but an appearance to match their keenness.

Six courts are available in the camp area, and three courts at the Waiouru Primary School approximately half a mile away.

Waiouru Club Tennis

During Saturday Sports' periods the Cadets play as members of the Waiouru Tennis Club. Notable achievements were:

Cadet Furlong winning the Yankee Tournaments on the opening days of the Waiouru and Moawhango Tennis Clubs.

Cadet Cpl Belcher winning the Boys' Intermediate Singles Championship for the season.

Cadet Furlong and Cadet Cpl Belcher winning the Boys' Intermediate Doubles Championship at the Waiouru Tennis Club Championships.

Cadet Cpl Belcher reaching the quarter finals of the Waiouru Tennis Club Men's Singles Championship.

Inter-Unit Tennis

Six Cadet teams were entered in the Inter-Unit Competitions played on Wednesday afternoons. Each team had four players and two doubles were played in a match.

The following Cadets represented the various teams:

A team: Brown, Belcher, Furlong, Munro, McKissock, New (played in the A section).

B1 team: Frost, Ambler, Ross, Burnett, McCullough GR, Ardern (played in the B section).

B2 team: McLennan, Hart, Nagle, Smith KR, Newton, MacGibbon (played in the B section).

C team: Allan, Holley, Hughes, Hobbs, Ruru, Richardson (played in the C section).

D team: Bond, Subritzky, Gray, Hayes, Allan (played in the C section).

E team: Sharp, Everson, McGregor D, Walmsley (played in the C section).

F team: Alexander, Walsh,

TENNIS TEAM

*Back Row: Cadets New, Furlong, Brown, WOII Cherrington (Coach).
Front Row: Cadets Frost, McKissock, Belcher.*

Cameron, Carter, Hardy (played in the C section).

Inter-Unit Championships

Section A: Cadet A (fourth); Section B: Cadet B1 (third), Cadet B2 (fourth); Section C: Cadet C (first), Cadet D (second), Cadet E (third), Cadet F (fourth).

Inter Unit Knock Out Competition — Cadets A and B2, E and F teams were eliminated in the first round. Cadet B1 was eliminated in the semifinals of their section while Cadet C beat Cadet D in the final of Section C.

Inter Unit Aggregate Competition — Points scored in any match whether won or lost were totalled at the conclusion of a round robin. The team with the most points won the competition. The Cadet A team were runners-up in Section A. Cadet B1 and B2 were fourth and fifth respectively and Cadet C, D, E and F finished in that order.

A team was also entered by

the Cadet Staff, members were: Major PR Raue, WOII TJ Fell, WOII Wawatai H, WOII Cherrington H, and Sgt Hudson MK.

This team played consistent tennis running out winners in the Knock-out and Aggregate Competitions and runners-up in the Championships.

Cadet School won 5 of the 6 Inter-Unit Trophies.

Inter-School Tennis

Two matches were played against other Schools outside the Central District Area. The first was against St. Stephen's College at Waiouru on Saturday 8 March 69. Details of matches (Cadet names first) were:

Singles: McKissock lost to Gilbert 8-9, Munro lost to Iraia 6-9, Furlong beat Tangaera 9-4, Belcher beat Tamepo 9-7.

Doubles: McKissock and Munro lost to Gilbert and Iraia 5-9, Furlong and Belcher beat Tangaera and Tamepo 9-2.

Cadet School 3 matches 46 games; St. Stephen's 3 matches

40 games. A close result with some excellent tennis played.

The second game against Whakatane High School was played at Whakatane on Saturday 22 March 1969. The weather was fine and warm. Strange conditions to the "Snowmen" of RF Cadet School.

Nine matches were played, six singles and three doubles. The highlight was the clash of the top players. McKissock eventually winning 9-8. Results were three all at the conclusion of the singles.

With two doubles ending a little before the third doubles the matches were still drawn. The final doubles was at 8 all and deuce. Belcher and Furlong had the edge in service and managed to win 9-8 after some exciting rallies and several match points.

Details of matches:

Singles: McKissock won 9-8, Munro lost 1-9, Furlong won 9-3, Belcher lost 7-9, Brown lost 6-9, Frost won 9-6.

Doubles: McKissock and Munro lost 3-9, Furlong and Belcher won 9-8, Brown and Frost won 9-8.

Cadet School 5 matches 62 games. Whakatane 4 matches 69 games. Congratulations to the team for a fine effort.

Inter-Company Tennis

As usual the Inter-Company Competitions was held in November. The day was fine and warm. B Company: the underdogs were not expected to win many matches.

Results (A Company names first) were:

Singles: Filmer lost to Cooney 4-9, Kerekere lost to Langdon 5-9, Lonergon beat Allan 9-7, New beat Bennett 9-2, Ambler lost to Ardern 7-9, Munro beat Pike 9-3, (3 matches all).

Doubles: Munro and Filmer (A) lost to Cooney and Langdon (B) 5-9, Lonergon and New (A) beat Allan and Bennett (B) 9-5, Ambler and Kerekere (A) beat Ardern and Pike (B) 9-6.

Final result: A Company 5 matches (66 games); B Company 4 matches (59 games).

Congratulations to both teams for a splendid team effort.

Cadet Tennis Champion 1968-69 Season

The top position on the Cadet

ladder changed four times during the season. The eventual champion was Cadet Cpl Belcher SJ (Ardagh Class).

Cooney, Filmer and Munro were the chief contenders at the beginning of the season in October 1968 with Cooney having a slight edge.

When Cooney graduated in December 1968 Cadet Sgt Munro J, held the position, strongly challenged by a new entrant Cadet McKissock G from Lower Hutt. McKissock eventually beat Munro. Both boys played steady tennis relying a great deal on placing their shots rather than power tennis.

Until the Waiouru Club Tennis Championship McKissock ruled supreme. However, Belcher was showing tremendous signs of improvement. With a slight limp

(a result of a Rugby injury when enjoyable. Every District sends a team to the Inter District Summer Sports played in March. An Army team is selected from this competition to play against a local side.

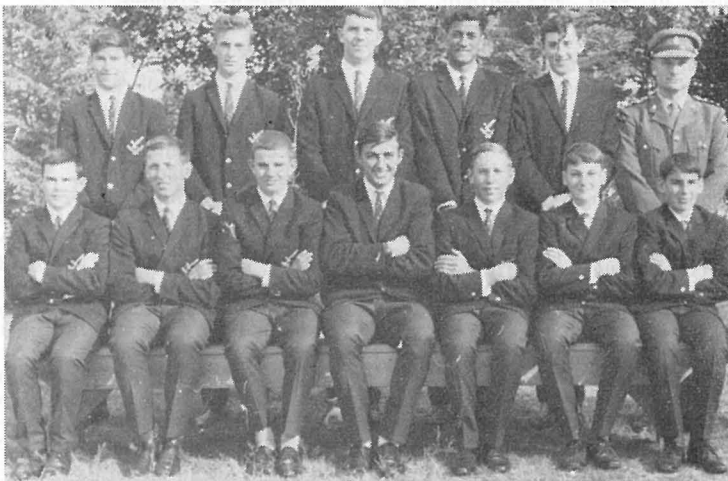

It is desirable therefore that the graduating Cadets who have done well in tennis make themselves available for their districts and eliminate the older experienced players who have dominated the scene for years.

Good luck for the future. Play as well as you can but remember, sport is to be enjoyed and not at the expense of bad sportsmanship.

CRICKET NOTES

Competition Games

The 1968-69 season was one of very mixed fortunes. With the

CRICKET XI

Back Row: Cadets Marr, Phillips P, Neels, Raina, White, Capt Cooper (Coach).

Front Row: Cadets Phillips K, Hibbs, Drake, Dempster-Rivett (Capt), Pawson, Montgomery, Young.

he broke his leg during the 1968 Rugby season) and a determination to win Belcher virtually blasted his way to the title with some consistent fast serving and good placements.

Conclusion

The season has certainly been successful and it is hoped that all Cadets who played tennis enjoyed themselves.

The future for Cadets interested in tennis can be just as

loss of the "Stars" from the previous season the first competition games were viewed with considerable trepidation. However, in the first game, much to our delight, we were able to defeat outright Pirates, one of the three top teams. At various stages in the season we had good wins over Navy and Taihape College and on two occasions had large first innings leads over Taihape and Pirates. Unfortunately,

on each occasion the initiative was lost in the second innings. Even so we finished fourth in the competition, the only team to consistently outclass us being the competition winners, Waiouru Command.

School Games

The two traditional school games against Whakatane High School and St. Stephen's were both wins to us.

The St. Stephen's game saw us take a very narrow and decidedly chancy first innings lead when the last pair, Montgomery and Hibbs, gained the twenty runs required for a first innings lead with a mixture of snicks and good shots.

Against Whakatane, despite the incredible number of catches dropped by both sides, we were able to gain an outright win when Whakatane collapsed dramatically in the second innings to be all out for 200 runs.

Both Drake and Pawson who joined the team when they marched in with Weir Class in January proved to be useful opening bowlers and were well supported by White, a bouncy slow medium man, and Phillips K, a spinner.

The batting, apart from that of Drake, and on occasions Phillips K, was brittle. However, the captain, Rivett, White and Phillips, P, all got at least one good score.

Drake played once for the North Rangitikei Rep side and was unlucky to miss selection in the Waiouru Command side.

SOFTBALL

The 1969 season began with 72 players. After a series of trials six teams were chosen.

The first team was: Cadets Smith (Capt), Jensen, Walker AJ, Rata, Orr, Tumataroa, McGlone; Cadet Cpl Fremlin; Cadet Sgt Herbert; Cadet Cpl Kahotea; Cadets Clifford and Mathews.

Inter Unit Competition

Only four games were played in this competition. The first team won all its games easily and had games been continued they would have won the competition with the second team a close second.

SOFTBALL TEAM

*Back Row: Cadets Walker, Herbert, Jensen, Ruru, Rata.
Front Row: Cadets Orr, Clifford, Kahotea, Smith (Capt), McGlone, Mathews, Fremlin.*

Inter School Games

Two inter school games were played. The first, against St. Stephen's was won easily, but the second against Whakatane High School, was lost.

After establishing a 6-2 lead in the fifth innings the Cadets relaxed and allowed Whakatane to draw level at 9-9 at the end of the seventh innings. An extra innings was played during which Whakatane drew ahead, the final score being 10-9.

It is hoped that in the 1969-70 season the school will be able to enter teams in the Turangi competitions, and also establish home and away games with suitable opponents, from Wanganui and Palmerston North.

Finally congratulations to Cadet Cpl Kahotea on being chosen to represent Waiouru Command at the inter district sports.

WATER POLO NOTES

Water Polo continues to thrive in the Cadet School despite the numerous difficulties which restrict it to Wednesday afternoons only.

Although Waiouru has no swimming pool at present, the Ohakune Borough Council have generously made their heated pool available to us for a nominal

fee, each Wednesday afternoon. There under the watchful eyes of the Coach WO1 P Dyson and Cpl Futter, twenty Cadets practised and learnt the game.

A game was arranged against a Wanganui East Swimming Club team, but lack of match play for the Cadets meant that they were outclassed.

Congratulations to Byrne and Davis on being selected in the Waiouru Command Water Polo side for the Army Inter Districts Sports.

*A Group of Australian Apprentices at Balcombe.

ROLL OF HONOUR

Ex Regular Force Cadets

Killed in action or died on active service.

34872 Tpr THOMAS A. R., NZSAS — KIA, Malaya, 1956.

37221 Sgt DON A., RNZA — KIA, Vietnam, 1965.

38469 Spr TONI W., RNZE — DOAS, Malaysia, 1966.

37404 Capt P. WILLIAMS, RNZA — KIA, Vietnam, 1967.

41383 Lcpl BENSEMANN, RNZIR — KIA, Vietnam, 1968.

41530 Pte WILLIAMS J. S., RNZIR — KIA, Vietnam, 1969.

209440 Spr BARRATT J. T., RNZE — KIA, Vietnam, 1969.

Obituary

With regret we record the deaths in action of

41530 Pte. WILLIAMS J.S. RNZIR.

Pte. Williams died as a result of enemy action in Phouc Tuy Province South Vietnam, on 17th June, 1969. He was buried at the Terendak, Malaysia garrison cemetery on 28th June, 1969.

A member of Barrowclough Class, he entered RF Cadet School in January 1965, graduating to RNZIR as an Instructor in August 1966.

To the wife and son of Pte. Williams, the Staff and Cadets of Cadet School extend their deepest sympathy.

209440 Spr. BARRATT J.T.

Spr Barratt was killed in action in Vietnam on 18th November, 1969.

A member of Russell Class he entered RF Cadet School in January 1960, and graduated to RNZE in December 1960. Spr Barratt served on the RF Cadet School Staff as Plumbing Instructor from November 1966 to November, 1967.

The Staff and Cadets of the Cadet School extend their deepest sympathy to his family.

THE REGULAR FORCE CADET SCHOOL OFFICERS COMMANDING

1948—1949: Capt B. Boyd, MBE, NZ Regt.
 1949—1950: Lt R. Stanley-Harris, NZ Regt.
 1951—1953: Capt J. M. Morris, NZ Regt.
 1953—1957: Maj E. R. Firth, MBE, BEM, NZ Regt.
 1957—1959: Maj W. H. Dyson, RNZ Sigs.
 1959—1960: Maj S. R. McKeon, NZ Regt.
 1960—1964: Maj I. J. Sanders, NZ Regt.
 1964: Maj E. G. Jackways, RNZAEC.
 1965—1968: Maj G. P. Brown, RNZIR.

MESSAGE FROM BRIGADIER CLIFTON, DSO, MC First CO Regular Force Cadets

I am delighted to have this opportunity of commenting on the inauguration of the Regular Force Cadet Wing at Army Schools, when Miles and Mead Companies were enlisted and trained at Trentham Military Camp. As Commandant at that time, I helped to launch this brave new venture, but its firm, sound foundation and long-term success owes most to Major George MacCulloch, MBE, who was our Chief Instructor.

From time to time going about New Zealand, I meet up with ex-members of Miles and Mead, who finished their Army study and are now well-established, prosperous citizens mostly engaged in occupations — garages, electrical, chefs and so on — springing from their Cadet and Army training.

I mention this because while the Army gains much from the RF Cadets, the country in the long run gains even more because of the training, sense of responsibility and self discipline given to these useful citizens.

May I wish all members of those pioneer companies — Miles and Mead — good fortune and happy lives, wherever they may be.

GEORGE CLIFTON.

On graduating from the Cadets in Dec 1949 he was posted to the School of Artillery then to SD Trg Bty Burnham at the start of CMT. He was seconded to the Fiji Military Forces in March 1951 where he remained until March 1952 when he returned to New Zealand and purchased his discharge. No doubt, considering that the grass was greener on the other side of the fence, (how wrong can you be) and returned to Fiji as a civilian.								
He re-enlisted in the Territorial Force of the Fiji Artillery where he remained as an active anti-aircraft gunnery instructor until July 1955 when he returned to New Zealand and re-enlisted in the Regular Force.								
On his re-enlistment he was employed as an instructor at ND Trg Bty Papakura and in 1958, when CMT finished, he changed his trade to Clerk and was employed in that capacity in 16 Fd Regt from its inception up until December 1963. In January 1964 he was posted to RF Cadet School as Chief Clerk and from there to HQ The Army Schools. In February 1966 he was posted as SSM/Senior NCO Instr to the School of Army Administration. In August 1967 he was posted as Chief Clerk to HQ NZ V Force in Saigon South Vietnam. On returning from active service he was posted to the School of Artillery as RQMS. He was commissioned in May 1969 and assumed his present appointment at RF Depot. John is married with five children, and also wears an Army pocket for Rifle Shooting and is a member of the Waiouru Command Golf Club.

MESSAGE FROM LT COL STANLEY-HARRIS, MBE

My association with the Regular Force Cadets stems from 1948. In those days it was an experience and a new adventure.

The Army today would not have the high standard it maintains without those who have graduated from the School.

I would like to congratulate the School on achieving its 21st Anniversary and wish it continued success for the future.

R. STANLEY-HARRIS, M.B.E.

Lt. Col.

I joined the RF Cadets in 1950 and was in that Unit for two years, that is until Dec 1951. During that time I became the Senior Cadet. I attended an Instructors course at RF Depot and other courses at the School of Infantry, and rounded off my two years as a Cadet by being employed as an Instructor on the last Instructors course of 1951.

I then spent about 2 years (1952/53) as an instructor with CMT at Linton. From Linton, I was posted here to RF Depot where I served for about 18 mths before going to Malaysia as a Sgt with the SAS Sqn in Aug 1955.

On returning from Malaysia in Dec 1957 I was posted to Area 1 for one year as a School Cadet Instructor.

1959 was a rather hectic year. I spent my time here in Waiouru on OCTU, at the completion of which I was commissioned, followed by a few months only as Administration Officer at the RF Cadet School.

In 1960 I spent 5 months at the United States Infantry School at Fort Benning Georgia, after which I returned to our own School of Infantry here in Waiouru, where I remained for 3 years.

1963/65 I served with 1 RNZIR in Malaysia and Borneo. During this time I was fortunate enough to visit Thailand on a SEATO exercise and Vietnam on an orientation tour with the Special Forces in 1 Corps, in particular at Khan Duc, Khe Sahn, and Da Nang.

Since being back in NZ, I was an instructor at the School of Infantry and then I was posted to NSTU, firstly as a rifle Coy Comd and secondly as Staff Officer Training.

Now, I have had the good fortune to be posted to RF Depot as OC.

34516	Capt	Whyman VJ	1 Base Wksp Wksp sOfficer	M	4	Nil	Nil	LSGCM
-------	------	-----------	------------------------------	---	---	-----	-----	-------

How many recall the days when the Cadet School home was Trentham and that minor fracasces such as pillow fighting, etc., after lights out, generally resulted in an outside parade (regardless of hour) and dressed 'as was,' followed by a run up to the water tower at the top of fern hill, where also followed on frosty ground as many as twenty press-ups. Those dressed lightly in cotton vests only most surely remember.

Many will also remember the Wine and Ice cream parties which usually followed Officers Mess formal dinners. To be a wine steward on these occasions as a **fatigue** was sometimes fairly rewarding.

MESSAGE FROM LT COL MORRIS

Having been associated with the RF Cadet Unit in its leanest years it is with interest and satisfaction that I have noted its development and the success of its graduates. In recent years I have worked with senior officers and warrant officers whom I remember as Cadets. I am certain that the Cadet Unit played a significant part in the development of these men and I am proud to have been associated with it.

I offer my congratulations to all those concerned with the School and wish it continued success.

J. M. MORRIS,
Lt.Col.

MESSAGE FROM MAJOR FIRTH

TO THE REGULAR FORCE CADETS

May I offer my sincere congratulations and best wishes to the Regular Force Cadet Unit and to serving and graduated Cadets on the occasion of the twenty-first anniversary of the Unit.

My association with the Regular Force Cadets gave me some of the most memorable and rewarding years of my service. As in past times the Cadet system offers a fine training environment for today's youth, helping to produce a sound mind in a healthy body. May the Unit continue to make progress and achieve greater aims and successes in the future.

Good luck.

E. R. FIRTH,
Major, (retired).

MESSAGE FROM MAJOR DYSON

On the occasion of the 21st Anniversary of the R.F. Cadet School may I express the hope that the School will continue to produce such outstanding officers, soldiers, tradesmen and sportsmen as are now playing such a vital role in the Army of today. Wherever I go on my travels throughout New Zealand I meet ex. R.F. Cadets who are proud of their association with the school and who wear the school tie as evidence of their warm feelings for happy days spent in one of the outstanding and most successful units of the Army. My best wishes for continued success of the school.

W. H. DYSON,
Major, (retired).

			HQ Burnham						

He was commissioned from OCS in June 1961, though prior to attending OCS he was a Lcpl Sect Comd with the now defunct 3 NZ Regt. His new unit is to be 1 RNZIR and appointment is to be

Coy 21C. When he served with the RF Cadets there was only one coy of 4 Pls and in his senior class year he was the Senior Pl Sgt and Geoff Monks was the Senior Cadet with rank of Ssgt. During his time with RF Cadets he gained School Cert in 1958, won the cross country, and gained the fantastic title of champion athlete in 1959. He was awarded the Infantry Prize for best Inf Cadet on graduation in Dec 59. Apart from some athletics at Portsea he says he has sat idle and grown fat.

MESSAGE FROM LT COL McKEON

Although I approached the appointment of OC and CI, RF Cadet School with reluctance, having observed some of the Machiavellian schemes and more simple pleasures of RF Cadets while I was at RF Depot, I must confess that I found my time with Kippenberger and Russell Classes both very interesting and very rewarding. As a side effect I became a middle-aged connoisseur of "pop" music.

I also became firmly of the view that the military and civil education facilities available, especially to apprentices, were the equal of any in the country. I find considerable satisfaction consequently, in meeting the steadily increasing number of Officers, Warrant Officers and NCOs who are highly skilled militarily and technically, and who are graduates from the RF Cadet School.

Congratulations on completing 21 well worthwhile years.

S. R. McKEON,
Lt. Col

MESSAGE FROM MAJOR SANDERS

Congratulations to the Staff and Cadets of the Regular Force Cadet School. You have good cause to be proud of your achievements. It is safe to say that no other New Zealand based organisation has done more over the last 21 years to provide competent leadership and professional efficiency within the New Zealand Regular Army.

Good Luck.

LLOYD SANDERS.

Maj Gen Thornton, takes the salute before addressing the School.

Lieutenant Colonel E Jackways.

MESSAGE FROM LT COL JACKWAYS

A stocktaking of the first twenty-one years of the R.F. Cadet School shows that the School has contributed very significantly to the High standards of the New Zealand Army over the post war years. I am proud of my close association with the School, and with the many individual members, and feel confident that present and future Cadets will see that the fine traditions are maintained.

Best regards.

ERIC JACKWAYS.

MESSAGE FROM MAJOR GP BROWN, MBE

Congratulations Regular Force Cadet School on 21 years of outstanding contribution to the New Zealand Army. Our Army of today is much richer for having had this invaluable source of trained leaders. I shall always regard it as a privilege that I was given the opportunity to command the School during three of those 21 years. My best wishes to all Cadets past and present and especially those who helped to make my period as Officer Commanding so enjoyable and rewarding.

G. P. BROWN,
Major.

ANDREW VC 1966
